Oecd Report Education Ireland:

OECD Reviews of Migrant Education Closing the Gap for Immigrant Students Policies, Practice and

Performance OECD,2010-03-24 This book offers comparative data on access participation and performance of immigrant students and their native peers and identifies a set of policy options based on solid evidence of what works *OECD*

Economic Surveys: Ireland 2009 OECD,2009-11-04 OECD s 2009 review of Ireland s economy This edition s special feature covers the labour market in Ireland

Ireland and the European Union Brigid Laffan,Jane O'Mahony,2008-10-06 Recent times have witnessed a dramatic turn around in Ireland s fortunes From being a poor and peripheral state it has emerged as a prosperous dynamic and self assured player among the nations of Europe For many the Irish experience provides a model of the potential rewards of European integration But just how far are changes in Irish society the result of EU membership What difference has the EU made to Ireland and for that matter Ireland to the EU This major new study of Irish European relations provides a rich account of Ireland s membership of the EU and the impact of the EU on the institutions policy and economy of Ireland It will be read with benefit by all who want to further understand what Europe means for Ireland and those wanting to learn from Ireland s experience in a comparative context

Women and Work in Ireland Margret Fine-Davis,2020-10-18 This book chronicles the evolution of women s participation in the labour force in Ireland over the last five decades This was largely spearheaded by married women and mothers leading to many related social issues including childcare flexible working the sharing of domestic work and work life balance The book presents empirical data on these topics drawn from the author s research spanning several decades and shows how attitudes have evolved and influenced the development of social policy The book begins by exploring the factors which predisposed some married women to enter the workplace in the early 1970s while most did not and examines the relative well being of housewives and employed married women It demonstrates the effects the anti discrimination legislation of the 1970s had on women s perceived discrimination over time showing that women initially denied their own discrimination The history of childcare policy is examined from the early Government Working Party reports of the 1980s to the evolution of childcare policy in Ireland Issues of work life balance are presented through cross cultural comparisons from Ireland and several European countries and key questions are asked such as are men who work part time seen as less serious about their careers The concluding chapter focuses on how women s role in the workplace impacts on men and gender relations Questions are posed concerning the ways in which men s roles need to adapt and the extent to which workplaces and social policy also need to change to accommodate men and women s needs for work life balance The book will be of interest to social scientists and to students It will be a valuable resource for courses in the sociology of work and the family gender studies social psychology and Irish studies By providing quantitative data in an accessible form it will also provide a valuable case study for courses in social research methods **A**

Irish Social Policy Fiona Dukelow,Mairéad Considine,2017-05-31

This second edition of a highly successful textbook offers a comprehensive introduction to social policy in Ireland addressing a range of social policy topics of growing importance in contemporary Irish society including issues related to children service users and groups migration ethnicity sexuality and climate change *Teacher Education in the English-Speaking World* Tom O'Donoghue, Clive Whitehead, 2008-05-01 This edited book is a comparative study on teacher education across ten major Englishspeaking regions of the world USA English Canada England and Wales Scotland Ireland Singapore Hong Kong South Africa Australia New Zealand The focus on individual regions is reflective of a comparative approach with a long tradition going back to the turn of the twentieth century This approach is still valid at the present time as it provides one of the best ways of initially structuring our understanding of teacher education at the macro level in order to facilitate communication of the situation crossnationally and prepare the way for higher levels of analyses To this end the book has twelve chapters An introductory chapter details the focus of the book This is followed by a chapter on each of the ten regions Each of these chapters written by an expert in the field focuses on general trends in teacher education rather than on any specific aspect of it focuses primarily on pre service teacher education at the primary and post primary levels although some reference is also made to continuing professional development strikes a balance between past present and future trends deals broadly with access to the processes involved in and the structure of teacher education has a unique structure rather than one based upon a formulaic approach In the final chapter major themes are distilled from the case studies It also outlines how the book furthers understanding of teacher education internationally considers other groupings of regions ripe for consideration along similar lines and indicates initiatives arising out of the case studies worthy of consideration for the improvement of teacher education cross nationally Teacher Education in Times of Change Gary Beauchamp, Linda Clarke, Teresa O'Doherty, 2015-12-02 Teacher education in times of change offers a critical examination of teacher education policy in the UK and Ireland over the past three decades Written by a research group from five countries it makes international comparisons and covers broader developments in professional learning to place these key issues and lessons in a wider context Education, Inequality and Poverty: a response to the Green Paper on Education (1993) , Education in the European Union: Pre-2003 Member States Trevor Corner, 2015-01-29 Exploring the development of educational provision and contemporary issues this book covers the countries that made up the European Union from its foundation to the signing of the Treaty of Nice Austria Belgium Denmark Finland France Germany Greece Ireland Italy Luxembourg Portugal Spain Sweden and The Netherlands The chapters written by regional experts offer a review of contemporary national and regional educational structures and policies research innovation and trends as well as covering selected issues and problems including the effects of educational reform and systemic changes within the school and university systems minority languages and intercultural changes for indigenous and new immigrant populations **Higher Education and Lifelong Learning** Hans Schuetze, Maria Slowey, 2013-01-11 Responding to the emerging needs of lifelong learners arguably

represents one of the most fundamental challenges facing higher education systems of the countries of the developing world At the start of the new century the concept of Lifelong Learning may indeed be counted as one of the the key organising concepts underlying public policy in many countries The interpretation of the concept however remains highly contested This timely book throws new light on the dramatic changes taking place in higher education through an exploration of the participation of non traditional students in ten countries Among others the following areas are explored the complex reality behind the statistics on participation in higher education in five European countries Austria Germany Ireland Sweden and the United Kingdom North America Japan Australia and New Zealand contrasting perceptions of lifelong learning changing patterns of participation by adults in higher education national and institutional policies and innovations to accommodate non traditional students and new forms of study conclusions for policy practice and research Higher Education for Lifelong Learners will be of interest to academics researchers and students involved with higher education lifelong learning and comparative education as well as policy makers educational managers and administrators The contributions reveal a remarkable transformation in the student body and in the way learners pursue their studies highlighting the international impact of increasing marketisation and differentiation on the nature of the higher education accessible to potential lifelong learners

European Perspectives on Professional Development in Teacher Education Ken Jones, Jim

O'Brien, 2016-01-08 This collection focuses on the ways in which policy relating to professional development and professional learning in teacher education is changing across Europe The chapters examine how policies change with time and with changes in personnel at various levels in the political or professional spectrum It also highlights the continued diversity of the education systems of Europe despite moves towards economic and social integration A common theme running through the chapters is an understanding of the importance of professional development and professional learning of educators in the success and effective operation of the education systems of the countries concerned This book was originally published as a special issue of Professional Development in Education

HRM in Europe Wolfgang Mayrhofer, Chris Brewster, Michael

Morley, 2007-03-30 The increasing number of cross border alliances and mergers both within Europe and between Europe and other parts of the world have made it imperative for students of management to have a thorough understanding of the European context for human resource management HRM This book enables managers and students to become fluent in the many various environments approaches and practices that exist across Europe for managing human resources The text employs comprehensive comparable representative data collected longitudinally during the last decade and it also draws directly on the expertise of leading HRM scholars Entirely fresh analyses of HRM in Europe based on new and hitherto unpublished data are presented and this analysis is critically important for students researchers and also for practitioners The book is divided into three parts concepts and theoretical issues trends in relation to these issues and comparisons between individual countries and summaries and conclusions on the issue of convergence and divergence

Mediating Policy Kate Nicholls, 2015-03-24 Amongst the most serious consequences of the 2008 global financial collapse and sovereign debt crisis were a series of unprecedented international bailouts for Greece Ireland and Portugal between 2010 and 2011 This book analyses the development policies of Greece Ireland and Portugal between 1990 and 2008 before the Eurozone crisis It identifies national level differences between the policy strategies and outcomes that have characterized recent developments in the Greek Irish and Portuguese political economies In addition it provides an explanation for these differences that takes into account variations in political institutions and state society relations In doing so it locates an explanation for policy divergence in the presence or absence of the policy making institutions and processes that make up a zone of mediation Overall it argues there is significant variation in the extent to which Ireland Portugal and Greece have adapted their developmental goals and strategies in order to address the labour market challenges posed by the post industrial era This book will be of key interest to students and scholars of European politics and studies comparative political economy public policy policy studies and democracy studies

Innovation, Profit and the Common Good in Higher Education J. Harpur, 2010-07-30 University ethics is everyone's business and big business is what the university is all about whether in the US Europe or the rest of the world How this has come about is less important than that it has and is being taken very seriously by global and national forces The important issue confronting higher education is its assumed role in guaranteeing economic prosperity Governments are no longer content to let research leak out serendipitously into the economy The Post Industrial Society Information Society Knowledge Economy and Smart Economy require nothing less than commercially directed research producing innovative products The public interest is reduced to economic measures The political social and moral implications of changing practices in the university are rarely acknowledged in the rise of the New Alchemy This book examines the resulting ambiguities and questionable evidence in favour of current policies

Teachers and Teacher Unions in a Globalised World John Carr, Lori Beckett, 2018-06-13 Teachers and Teacher Unions in a Globalised World asks a series of pressing questions of teacher educators teachers and teacher unions worldwide in this era of global capitalism As governments around the world support austerity politics in the face of financial meltdowns social inequalities terrorist threats climate catastrophe wars and mass migrations the book questions whether practitioners in teaching and teacher education are succumbing to pressures to dismantle their nation state systems of education The authors present a clearly argued case in Ireland for teachers and teacher educators organising to realise their moral and social responsibilities of free and fair schooling for all when it is most needed as well as insisting on policy debates about a free publicly funded school system At a time when teachers are feeling overwhelmed with workload and frustrated by the visible turning of events away from the historical record the book emphasises the importance of practitioner research in informing decisions about a strategic and democratic way forward for
