## Introduction

'Oedipus the King' is a play written by Sophocles in Ancient Greek at around 430 B.C. set in a fabulous past of the ancient Greek. Throughout the play, the king is determined to understand several issues about the community and himself.

As a result, he seeks help from the Theban chorus; Tiresias, the blind prophet; Creon, his brother in-law; Jocasta, the Oedipus wife and the shepherd. Throughout the play, conflict stands out as the main theme as explicated by exploring the three elements of conflict from the play viz. man versus man, man versus himself and man versus nature.

## Man versus man conflict

A conflict exists between the king and the prophet Tiresias. The play begins by investigation into the cause of death of Laius, the former Theban king. When the Oedipus King seeks advice from the prophet Tiresias, to his surprise, the prophet tells him that Oedipus was responsible for the murderer of Laius.

In disbelief, the King becomes annoyed with Tiresias and they end up into a heated argument. The king blames the prophet for accusing him for the murder (Sophocles 306). While the King maintains his innocence, Tiresias holds that the murderer of Laius is a Theban citizen whom they have a blood relationship. The manner in which Tiresias leaves the palace evidences unhidden conflict between him and the Oedipus King.

In addition, the king is in conflict with his brother in-law, Creon. When the prophet accuses Oedipus for the murder, the king blames Creon for masterminding the accusations. The king believes that Creon is determined to undermine him. As a result, the king calls for Creon's execution.

Another conflict exists between Jocasta and the prophets. Jocasta believes that prophets are liars and the king should take none of their advice. "Listen and I'll convince thee that no truth in these prophets" (Sophocles 316). This quote reveals that Jocasta

Critical Essays on William Faulkner Robert W. Hamblin, 2022-08-24 Critical Essays on William Faulkner compiles scholarship by noted Faulkner studies scholar Robert W Hamblin Ranging from 1980 to 2020 the twenty one essays present a variety of approaches to Faulkner's work While acknowledging Faulkner as the quintessential southern writer particularly in his treatment of race the essays examine his work in relation to American and even international contexts The volume includes discussions of Faulkner's techniques and the psychological underpinnings of both the origin and the form of his art explores how his writing is a means of saying no to death examines the intertextual linkages of his fiction with that of other writers like Shakespeare Twain Steinbeck Warren and Salinger treats Faulkner's use of myth and his fondness for the initiation motif and argues that Faulkner's film work in Hollywood is much better and of far greater value than most scholars have acknowledged Taken as a whole Hamblin's essays suggest that Faulkner's overarching themes relate to time and consequent change The history of Faulkner's Yoknapatawpha stretches from the arrival of the white settlers on the Mississippi frontier in the early 1800s to the beginnings of the civil rights movement in the 1940s Caught in this world of continual change that produces a great degree of uncertainty and ambivalence the Faulkner character and reader must weigh the traditions of the past with the demands of the present and the future As Faulkner acknowledges this process of discovery and growth is a difficult and sometimes painful one yet as Hamblin attests to engage in that quest is to realize the very essence of what it means to be human

Stravinsky, As memory reaches back along the vista of the years the increasing distance adds to the difficulty of seeing clearly and choosing between those incidents which make a deep impression and those which though perhaps more important in themselves leave no trace and in no way influence one's development Thus one of my earliest memories of sound will seem somewhat odd It was in the country where my parents like most people of their class spent the summer with their children I can see it now An enormous peasant seated on the stump of a tree The sharp resinous tang of fresh cut wood in my nostrils The peasant simply clad in a short red shirt His bare legs covered with reddish hair on his feet birch sandals on his head a mop of hair as thick and as red as his beard not a white hair yet an old man He was dumb but he had a way of clicking his tongue very noisily and the children were afraid of him So was I But curiosity used to triumph over fear The children would gather round him Then to amuse them he would begin to sing This song was composed of two syllables the only ones he could pronounce They were devoid of any meaning but he made them alternate with incredible dexterity in a very rapid tempo He used to accompany this clucking in the following way pressing the palm of his right hand under his left armpit he would work his left arm with a rapid movement making it press on the right hand From beneath the red shirt he extracted a succession of sounds which were somewhat dubious but very rhythmic and which might be euphemistically described as resounding kisses This amused me beyond words and at home I set myself with zeal to imitate this music so often and so successfully that I was forbidden to indulge in such an indecent accompaniment The two dull syllables which alone remained thus lost all their attraction for me Another memory which often comes back is the singing of the women of the neighboring village There were a great many of them and regularly every evening they sang in unison on their way home after the day's work To this day I clearly remember the tune and the way they sang it and how when I used to sing it at home imitating their manner I was complimented on the trueness of my ear This praise made me very happy And it is an odd thing that this occurrence trifling though it seems has a special significance for me because it marks the dawn of my consciousness of myself in the role of musician I will confine myself to those two impressions of summer which was always associated with a picture of the country and of all the things to be seen and heard there Winter was quite another story town My memories of that do not go so far back as those of summer and I date them from the time when I was about three years old Winter with its curtailing of liberty and amusements with its rigorous discipline and interminable length was not likely to make enduring impressions My parents were not specially concerned with my musical development until I was nine It is true that there was music in the house my father being the leading bass singer of the Imperial Opera in St Petersburg but I heard all this music only at a distance from the nursery to which my brothers and I were relegated When I was nine my parents gave me a piano mistress I very quickly learned to read music and as the result of reading soon had a longing to improvise a pursuit to which I devoted myself and which for a long time was my favorite occupation There cannot have been anything very interesting in these improvisations because I was frequently reproached for wasting my time in that way instead of practicing properly but

I was definitely of a different opinion and the reproaches vexed me considerably Although today I understand and admit the need of this discipline for a child of nine or ten I must say that my constant work at improvisation was not absolutely fruitless for on the one hand it contributed to my better knowledge of the piano and on the other it sowed the seed of musical ideas Apropos of this I should like to quote a remark of Rimsky Korsakov s that he made later on when I became his pupil I asked him whether I was right in always composing at the piano Some compose at the piano he replied and some without a piano As for you you will compose at the piano As a matter of fact I do compose at the piano and I do not regret it I go further I think it is a thousand times better to compose in direct contact with the physical medium of sound than to work in the abstract medium produced by one s imagination Apart from my improvisation and piano practice I found immense pleasure in reading the opera scores of which my father s library consisted all the more so because I was able to read with great facility My mother also had that gift and I must have inherited it from her Imagine my joy therefore when for the first time I was taken to the theatre where they were giving an opera with which as a pianist I was already familiar It was A Life for the Tsar and it was then I heard an orchestra for the first time And what an orchestra Glinka s The impression was indelible but it must not be supposed that this was due solely to the fact that it was the first orchestra I ever heard To this day not only Glinka s music in itself but his orchestration as well remains a perfect monument of musical art so intelligent is his balance of tone so distinguished and delicate his instrumentation and by the latter I mean his choice of instruments and his way of combining them I was indeed fortunate in happening on a chef d oeuvre for my first contact with great music That is why my attitude towards Glinka has always been one of unbounded gratitude
