By % of relevant electorate, current as of August 2022

Of The Parties Of Great Britain

Matt Cole

Of The Parties Of Great Britain:

The Communist Party of Great Britain Since 1920 J. Eaden, D. Renton, 2002-05-10 A new single volume history of the Communist Party of Great Britain examining the party from its foundations in 1920 to its demise in the early 1990s Drawing on original research and a reading of specialist texts the authors analyze the rise and fall of the party and evaluate its role on the left of British politics Whilst sympathetic to the ideals and commitment of many British communist activists the book is sharply critical of much of the actual practice of the party *Political Parties in Britain* Matt Cole, 2012-07-31 An introduction to political parties in Britain which offers an examination of the main parties individual characteristics including policy organisation and support and explains the impact of smaller parties **The Communist Party of Great Britain and the National Question in Wales, 1920-1991** Douglas Jones, 2017-10-15 While electorally weak the Communist Party of Great Britain and its Welsh Committee was a constant feature of twentieth century Welsh politics in particular through its influence in the trade union movement Based on original archival research the present volume offers the first in depth study of the Communist Party s attitude to devolution in Wales to Welsh nationhood and Welsh identity as well as examining the party s relationship with the Labour Party Plaid Cymru and the labour and nationalist movements in relation to these issues Placing the party s engagement of these issues within the context of the rapid changes in twentieth century Welsh society debates on devolution and identity on the British left the role of nationalism within the communist movement and the interplay of international and domestic factors the volume provides new insight into the development of ideas by the political left on devolution and identity in Wales during the twentieth century It also offers a broad outline of the party s policy in relation to Wales during the twentieth century and an assessment of the role played by leading figures in the Welsh party in developing its policy on Wales and devolution **The Statutes of the United Kingdom of Great Britain and Ireland** Great Britain, 1838 *The Statutes of the United Kingdom of Great Britain and Ireland, Passed in the ... [1807-69].* Great Britain, 1854 **The Statutes of the United Kingdom of Great Britain and Ireland**, 1804 **The Statutes of the United Kingdom of Great Britain and Ireland [1827-** Great Britain, 1826 **Western Europe, Great Britain and Canada**, 1968 **The Early Parties and Politics in Britain, 1688-1832** Brian Hill, 1996-03-06 There has always been a tendency to view British politics before the 1832 reform act as though the parties in parliament were clumsy embryo versions of the later Conservatives and Liberals their every act interpreted as being either as further striving towards modernity or a relapse into more primitive patterns of behaviour This can be helpful to students in disentangling some very complex factional material but for much of the time the 19th and 20th century party labels simply do not make any sense at all in this earlier period A good clear account of what exactly was meant by party and how the different parliamentary groupings evolved from the Restoration to the aftermath of the Napoleonic Wars has long been needed and Brian Hill who has studied this issue for many years has at last provided such an account *Parliament, Party and the Art of Politics in Britain, 1855-59* A.

Hawkins,1987-06-18 **The Public General Acts of the United Kingdom of Great Britain and Ireland** Great Britain,1873 The Statutes of the United Kingdom of Great Britain and Ireland [1807-1868/69]. Great Britain,1814

The Funding of Political Parties in Britain Keith D. Ewing,1987-05-21 This study of the way in which political parties are funded examines in detail the corporate funding of the Conservative Party and trade union funding of the Labour Party In so doing the author considers the legal implications of this activity The election expenditures of the parties come under scrutiny as does the role of the state in contributing to their financial well being The concluding chapters consider arguments for more extensive public funding of the political parties as proposed by both the Houghton Committee in 1976 and the Hansard Society in 1981 In considering this issue the author draws heavily on Swedish experience and throughout the book reference is made where appropriate to developments in other jurisdictions including the United States Canada and West Germany This important subject is addressed from a legal perspective though the book is written in a clear and forthright style accessible to lawyers and non lawyers alike **Acts of the Parliament of the United Kingdom of Great Britain and Ireland...** Canada,1877 History of the Communist Party of Great Britain James Klugmann,1968 **Parties and Party Systems: Volume 1** Giovanni Sartori,1976-10-29 **Political Parties in Britain 1783-1867** Eric J.

Evans,2006-12-05 The theme of Professor Evan s book is the growth of a recognizable modern party system from the much looser and often family based attachments of the eighteenth century He examines the significance of the terms Whig and Tory in the later eighteenth century and the growth of a party alignment between 1788 and 1812 a period in which war was a major factor in polarization He discusses the years of Tory hegemony under Liverpool and the decline of the independent member and then takes as his main themes the transition from Whigs to Liberals and from Tories to Conservatives in the period of 1830 46 which saw so much concern both with political reform and with social questions He also examines the substantial growth of political organizations Professor Evans goes on to deal with the paradox that though the Tory party was shattered by the corn law crisis the subsequent period to 1867 saw an increasing importance being attached to party allegiance He also discusses the waning power of the Crown the growing importance of general elections and various areas of divergence between parties Although the emphasis of this book is necessarily thematic a firm sense of chronology is always maintained **Human Rights and Responsibilities in Britain and Ireland** Sydney D. Bailey,1987-12-01

Electing and Ejecting Party Leaders in Britain Thomas Quinn,2012-02-07 The Conservatives Labour and the Liberal Democrats each allow their members to participate in the selection of the party leader It also examines the consequences of all member ballots in leadership elections It looks at how parties remove leaders showing that each of the major British parties sought to make it harder to evict incumbents The History of Great Britain from the Death of George II James Rodger Miller,1832
