campaign to desegregate baseball was one of the most important civil rights stories of the 1930s and 1940s But most of white
America knew nothing about this story because mainstream newspapers said little about the color line and still less about the
efforts to end it Even today as far as most Americans know the integration of baseball revolved around Branch Rickey's
signing of Jackie Robinson to the Brooklyn Dodgers organization in 1945 This book shows how Rickey's move critical as it
may have been came after more than a decade of work by Black and left leaning journalists to desegregate the game Drawing

on hundreds of newspaper articles and interviews with journalists Chris Lamb reveals how differently Black and white newspapers and Black and white America viewed racial equality Between 1933 and 1945 Black newspapers and the communist Daily Worker published hundreds of articles and editorials calling for an end to baseball s color line while white mainstream sportswriters perpetuated the color line by participating in what their Black counterparts called a conspiracy of silence The alternative presses efforts to end baseball s color line chronicled for the first time in Conspiracy of Silence constitute one of the great untold stories of baseball and the civil rights movement
