Every detail matters. That's why it's critical that you carefully review every single line in your official crash report. The top section of Page 1 features basic information such as accident location, road, weather, and light conditions, and first harmful event.

The bottom of the page is where the responding officer - usually the local police or Ohio State Troopers, write the crash "narrative." This is how the accident happened according to the officer's investigation. There is room for a written explanation as well as a diagram. The name of the officer and time they spent responding to the incident is also here.

Ohio Highway Traffic Report
