

March of Dimes Fund Launches Polio Drive

HEADS MARCH OF DIMES—Bob Winzeler, local March of Dimes drive chairman, indicates what giant test tubes are for as he starts local drive this week.

The March of Dimes campaign for 1954 got underway here early this week under direction of Bob Winzeler, local drive chairman. The drive ends Jan. 31.

Giant collection test tubes, mounted on polio posters, have been placed in business houses of the Tremonton and Garland area, and a "Mothers' March," and Polio Ball are also being planned.

Carl Wilcox has been named drive director for the Fielding, Riverside and Portage area.

The polio ball will be held on Saturday, Jan. 30, in Bear River high school girls gym, Mr. Winzeler announced.

Collections Set

A door-to-door collection will be made sometime next week by members of women's civic organizations, and school children will be given collection envelopes to take home.

Howard Glenn and Reed Palmer will solicit contributions from Tremonton business firms on Saturday.

Chairman of the Box Elder County drive is Ross Bowen of Prigham City.

The annual March of Dimes is conducted by the National Foundation for Infantile Paralysis to raise funds for polio research. Scientists believe they are on the verge of developing a vaccine against the dreaded disease, and public support is urgently needed.

The Eclectic Medical Journal,1911 Interstate Medical Journal ,1911 **British Medical Journal** ,1929 Polio David M. Oshinsky,2005-04-12 Here David Oshinsky tells the gripping story of the polio terror and of the intense effort to find a cure from the March of Dimes to the discovery of the Salk and Sabin vaccines and beyond Drawing on newly available papers of Jonas Salk Albert Sabin and other key players Oshinsky paints a suspenseful portrait of the race for the cure weaving a dramatic tale centered on the furious rivalry between Salk and Sabin He also tells the story of Isabel Morgan perhaps the most talented of all polio researchers who might have beaten Salk to the prize if she had not retired to raise a family Oshinsky offers an insightful look at the National Foundation for Infantile Paralysis which was founded in the 1930s by FDR and Basil O Connor it revolutionized fundraising and the perception of disease in America Oshinsky also shows how the polio experience revolutionized the way in which the government licensed and tested new drugs before allowing them on the market and the way in which the legal system dealt with manufacturers liability for unsafe products Finally and perhaps most tellingly Oshinsky reveals that polio was never the raging epidemic portrayed by the media but in truth a relatively uncommon disease But in baby booming America increasingly suburban family oriented and hygiene obsessed the specter of polio like the specter of the atomic bomb soon became a cloud of terror over daily life Both a gripping scientific suspense story and a provocative social and cultural history Polio opens a fresh window onto postwar America
