

WHAT'S ON THE COMPASS?

The Compass exam offers test modules in the subject areas most frequently used by postsecondary institutions to evaluate the skill levels of their incoming students.

The Compass exam includes multiple-choice questions, but the exact number of questions varies from student to student

Section

Content

Reading

Helps determine if test-takers have the reading skills they need to succeed in entry-level college courses

Writing Skills

Requires students to find and correct errors in essays in areas of usage, mechanics, basic grammar, punctuation and sentence structure, and rhetorical skills

Writing Essay

Measures the test-taker's writing ability

Math

Evaluates the test-taker's ability levels in terms of basic skills, application skills, and analysis skills

Scores

There is no passing score. The Compass exam scores indicate areas in which test-takers are strong and in which areas they need help with.

The Compass measures are usually administered at the university or institution that requires them.

 Tests are the simplest way to prepare for the COMPASS test Practice is an essential part of preparing for a test and
 improving a test taker s chance of success The best way to practice taking a test is by going through lots of practice test
 questions If someone has never taken a practice test then they are unprepared for the types of questions and answer choices
 that they will encounter on the official test There is a tremendous advantage to someone taking the test that is already
 familiar with the questions and answer choices Another advantage of taking practice tests is that you can assess your
 performance and see if you need to study and practice more or if you re already prepared enough to achieve success on your
 test day If you do well on the practice test then you know you re prepared If you struggle on the practice test then you know
 you may still have more work to do to get prepared Taking lots of practice tests helps ensure that you are not surprised or
 disappointed on your test day Our 2 COMPASS Exam Practice Tests give you the opportunity to test your knowledge on a set
 of questions You can know everything that is going to be covered on the test and it will not do you any good on test day if you
 have not had a chance to practice Repetition is a key to success and using practice test questions allows you to reinforce your
 strengths and improve your weaknesses Detailed answer explanations are also included for each question It may sound
 obvious but you have to know which questions you missed and more importantly why you missed them to be able to avoid
 making the same mistakes again when you take the real test That s why our 2 COMPASS Exam Practice Tests include answer
 keys with detailed answer explanations These in depth answer explanations will allow you to better understand any questions
 that were difficult for you or that you needed more help to understand **COMPASS Test Study Guide ...** ,2016
