The Function of Evil across Disciplinary Contexts Malcah Effron, Brian Johnson, 2017-02-15 The Function of Evil Across Disciplinary Contexts explores answers to two important questions about the age old theme of evil is there any use in using the concept of evil in cultural psychological or other secular evaluations of the world and its productions Most importantly if there is what might these functions be By looking across several disciplines and analyzing evil as it is referenced across a broad spectrum of phenomena this work demonstrates the varying ways that we interact with the ethical dilemma as academics as citizens and as people The work draws from authors in different fields including history literary and film studies philosophy and psychology and from around the world to provide an analysis of evil in such topics as deeply canonical as Beowulf and Shakespeare to subjects as culturally resonant as Stephen King Captain America or the War on Terror By bringing together this otherwise disparate collection of scholarship this collection reveals that discussions of evil across disciplines have always been questions of how cultures represent that which they find socially abhorrent This work thus opens the conversation about evil outside of field specific limitations simultaneously demonstrating the assumptions that undergird the manner by which such a conversation proceeds *Monsters on Maple Street* David J. Brokaw, 2023-08-08 Post World War II America has often been mythologized by successive generations as an exceptional period of prosperity and comfort At a time when the Cold War was understood to be a battle of ideas as much as military prowess the entertainment business relied heavily on subtle psychological marketing to promote the idea of the American Dream The media of the 1950s and 1960s promoted an idealized version of American life sustained by the nuclear family and bolstered by a booming consumer economy The seemingly wholesome and simple lifestyles portrayed on television screens however belied a torrent of social economic and political struggles occurring at the time By the late 1950s television writers were increasingly constrained to distract audiences from confronting counternarratives to the Dream Among the programs that railed against this trend was Rod Serling s television masterpiece *The Twilight Zone* Now considered an enduring classic the allegorical nature of the show provides a window into the many overlooked issues that plagued Cold War America In

Monsters on Maple Street The Twilight Zone and the Postwar American Dream David J Brokaw describes how the TV show reframed popular portrayals of white American wish fulfillments as nightmares rather than dreams Brokaw s close reading of the show s sociopolitical dimensions examines how the series creators successfully utilized science fiction horror and fantasy to challenge conventional thinking and avoid having their work censored around topics such as sexuality technology war labor and the workplace and white supremacy In doing so Brokaw helps us understand how the series exposed the underbelly of the American Dream and left indelible impressions in the minds of its viewers for decades to come

Why Are We Socialists? Joseph Goebbels,Ian Tinny,Dead Writers Club,2020-07-17 Why are we socialists was written by Dr Joseph Goebbels in 1929 Goebbels was the Minister of Propaganda under Adolf Hitler from 1933 1945 Goebbels has been described in various ways in documentaries that critique Nazism and Fascism But what did Goebbels actually say when he talked To find out come inside his mouth See what he said This book examines the actual words of a man who came close to destroying the planet If we are to discover the minds of Goebbels and Hitler we must penetrate behind the thick curtains of superficial evidence which conceal them and the unreliable media intermediaries who have distorted their speeches and writings For example Why are we socialists is merely a small section of a larger article authored by Goebbels that is usually titled Those Damned Nazis However that is not the title that Goebbels gave his larger publication In the German language the title was Die verfluchten Hakenkreuzler or Those Damned Hakenkreuzlers Goebbels did not use the word Nazi in the title nor anywhere within the pamphlet The revelations in this paragraph were uncovered in the historian Dr Rex Curry s work Those Damned Nazis is a deceitful translation that was intended to cover up what Goebbels actually said This book reproduces the entire text of Why are we socialists As a free bonus specific examination of Mein Kampf is made for many comparisons This book is a useful study guide to Hitler s Mein Kampf whereby what had been a vague plan suddenly was reality almost to the disbelief of Goebbels and other supporters Goebbels supported schools so that his deadly dogma could be spread throughout Germany s educational system This book is a startling expose of the origin of Goebbels goals This book reveals that many of Goebbels shocking ideas were borrowed from the USA

revelations came to light years after Marx's death. Some are enumerated in the following paragraphs. For example, the following facts with credit to Dr. Curry will be news to most readers:

1. Marx's anti-Semitism and his Christian background inspired Hitler's anti-Semitism and Hitler's use of Christian cross symbolism, including the SWASTIKA, the Hakenkreuz, or hooked cross, Iron Cross, Balkenkreuz, Kr. ckenkreuz, and the common Christian cross. The symbols signified commonality with Marx's opposition to Judaism, and they promoted Christianity as the alternative thereto. The Swastika was also used to represent S letter shapes for SOCIALISM, Marx's underlying dogma.
2. NEW SWASTIKA DISCOVERY: Hitler's symbol is the reason why Hitler renamed his political party from DAP to NSDAP, National Socialist German Workers Party, because he needed the word Socialist in his party's name so that Hitler could use swastikas as S letter shaped logos for SOCIALIST as the party's emblem. The party's name had to fit in Hitler's socialist branding campaign that used the swastika and many other similar alphabetical symbols, including the NSV and SA and SS and VW, etc.
3. NEW LENIN'S SWASTIKA REVELATION: Vladimir Lenin's swastika is exposed herein. The impact of Lenin's swastikas was reinforced at that time with additional swastikas on ruble money, paper currency, under Soviet socialism. The swastika became a symbol of socialism under Lenin. Its influence upon Adolf Hitler is explained in this book. Lenin's Christian background was similar to Marx's. Marx's anti-Semitism and his religious upbringing inspired Lenin's anti-Semitism and the use of the SWASTIKA as Christian cross symbolism after 1917. The swastika symbol signified commonality with Marx's opposition to Judaism. Judaism was banned by Soviet socialists. Under Lenin, the Russian Orthodox Church remained powerful, then Stalin became tyrant in 1922. The Swastika was also used to represent S letter shapes for SOCIALISM, Marx's underlying dogma.
4. Marx, Hitler, and their supporters self-identified as socialists by the very word in voluminous speeches and writings. The term Socialist appears throughout *Mein Kampf* as a self-description by Hitler. Marx also used the term Communist.
5. Hitler was heavily influenced by Marx. Many socialists in the USA were also shaped by Marx. Two famous American socialists, the cousins Edward Bellamy and Francis Bellamy, were heavily influenced by Marx. The American socialists returned the favor. Francis Bellamy created the Pledge of Allegiance to the Flag that produced Nazi salutes and Nazi behavior. The Bellamy cousins were American national socialists.
6. Hitler never called himself a Nazi. There was no Nazi Germany. There was no Nazi Party.
7. Hitler never called himself a Fascist. Modern socialists use Nazi and Fascist to hide how Hitler and his comrades self-identified SOCIALIST.
9. The term Nazi isn't in *Mein Kampf* nor in *Triumph of the Will*.
10. The term Fascist never appears in *Mein Kampf* as a self-description by Hitler.
11. The term swastika never appears in the original *Mein Kampf*.
12. There is no evidence that Hitler ever used the word swastika.
13. The symbol that Hitler did use was intended to represent S letter shapes for socialist.
14. Hitler altered his own signature to show his S shapes for socialism logo branding.
