Fake News in America Anthony R. DiMaggio,2023-08-10 The term fake news became a buzzword during Donald Trump s presidency yet it is a term that means very different things to different people This

pioneering book provides a comprehensive examination of what Americans mean when they talk about fake news in contemporary politics mass media and societal discourse and explores the various factors that contribute to this such as the power of language political parties ideology media and socialization By analysing a range of case studies across war political corruption climate change conspiracy theories electoral politics and the Covid 19 pandemic it demonstrates how fake news is a fundamentally contested phenomenon and how its meaning varies depending on the person using the term and the political context It provides readers with tools to identify talk about and resist fake news and emphasizes a need for education reform with an eye toward promoting critical thinking and information literacy

Rachel Maddow Lisa Rogak,2020-01-07 The first biography of the most popular anchor in cable news Rachel Maddow has beaten the odds in a way that's novel in today's America she uses her brain In a world of banal and opinionated soundbites she regularly crushes Sean Hannity's ratings thanks to her deeply researched reports And in our highly polarized world Maddow amiably engages the staunchest conservatives while never hesitating to expose their light on facts defenses As a result she's become the top anchor for MSNBC and a beloved representative for all that progressive America holds dear The news that Maddow was the first publicly out lesbian to anchor a prime time TV news show seemed almost anticlimactic to her millions of viewers who will be surprised and intrigued by little known details of her life as written by New York Times bestselling biographer Lisa Rogak Growing up in a conservative California town and viewing herself as a perennial outsider helped spark an early interest in activism After attending Stanford and Oxford she opted for a minimum wage job as a radio DJ in a tiny Massachusetts market while finishing her Ph D She planned to pursue a career as an activist but 9 11 changed all that so she returned to local radio where she could help listeners by explaining stuff A stint at Air America raised her national profile which led to her groundbreaking MSNBC show where she dissects the news of the day with an approach found nowhere else on TV

Military Law Review , **The ^ADark Double** Andrei P. Tsygankov,2019-03-01 In Dark Double Andrei P Tsygankov focuses on the driving power of values and media in addition to political and economic interests in structuring US Russia relations By analyzing mainstream US newspapers and other media sources Tsygankov identifies five media narratives involving Russia since the Cold War's ends and shows how Americans negative views toward Russia draw from a deep wellspring of suspicion and are further enhanced by a biased media that regularly exploits such negativity Russia's centralization of power and anti American attitudes

Evolution of Government Policy Towards Homosexuality in the US Military James Parco,David Levy,2016-09-17 Throughout history homosexuality has been a complicating factor for men and women electing to serve in the armed forces of the United States The right to serve became increasingly complicated when the Department of Defense responded to congressional legislation in 1993 by adopting a policy that later became known as don't ask don't tell DADT DADT permitted homosexual members to serve in the forces so long as they showed no evidence of homosexual behavior The compromise policy remained in force until Congress passed the Don't Ask Don't Tell Repeal Act of

2010 and finally in September 2011 the ban on gay men and lesbians serving openly in the US armed forces officially came to an end. Reflecting on the 20 year period governed by DADT, this volume explores the history, culture, attitudes, and impacts of policy evolution from the mid 20th Century through to the present day. It not only provides insight to the scholarly field of how the most powerful institution in the world has viewed and dealt with homosexuality as it transitioned into the 21st century, but it is also poised to become a seminal collection for researchers in the decades to come. This book was originally published as a special issue of the Journal of Homosexuality. Parco and Levy have produced a fine edited volume dedicated to deepening our understanding of the federal DADT policy. What has resulted is a deep analysis of the federal policies regarding gays and lesbians in the U S military. This volume is filled with rich descriptions and analyses written by the very best thinkers about issues pertaining to gays and lesbians in the U S military. Parco and Levy not only offer a comprehensive treatment of DADT, but their book will stand the test of time and spur additional important research about gay, lesbian, bisexual, and queer service members. The Rise and Fall of DADT is accessibly written and offers readers a comprehensive understanding of the DADT federal policy and the attendant issues of equity, social justice, and ever-changing attitudes about LGBTQ people related to the U S military and to the larger American society. John P. Elia, Ph.D., Editor in Chief, Journal of Homosexuality and Professor and Associate Chair of Health Education at San Francisco State University, USA. As Assistant Secretary of Defense for Public Affairs from 2010 to 2012 and the first openly gay senior official to serve at the Pentagon, I was witness to and honored to be an active participant in the historic process that led to the ban on discrimination against lesbian and gay service members, men and women who had been hiding in plain sight while risking their lives to serve their country honorably. In this volume, Jim Parco and Dave Levy provide what is perhaps the most comprehensive account to date of the evolution of US government policy regarding LGBT service members. Their study includes outstanding firsthand narratives by many friends who played central roles in the repeal of Don't Ask, Don't Tell, including Sue Fulton, Jonathan Lee, and former Congressman Patrick Murphy. Parco and Levy provide the opportunity for scholars, experts, and ordinary citizens from all walks of life to share in those journeys and in the very positive results that were achieved. Douglas B. Wilson, former Assistant Secretary of Defense for the United States.

The iPINIONS Journal, Anthony Livingston Hall, 2021-03-14

ANTHONY L. HALL takes aim at the global events of 2020 with a unique and refreshing perspective. Some of the topics in this volume include Governments ordering lockdowns to combat Covid-19. Telling people to lockdown to combat Covid makes about as much sense as it would've been to tell people to stop having sex to fight HIV. Mandating wearing masks like wearing seatbelts or promoting the use of masks like the use of condoms would have been a lot cheaper and more effective. Trump failing to defend America against Russian cyber attacks. America is now a certifiably dysfunctional dystopian and defenseless mess. Superpower Hell. Even the Roman Empire was never this messed up before the fall. Evidently that shining city on a hill was just the flickering embers of a supernova. Kim declaring nuclear deal with Trump a bust. Kim Jong-un is feeling like a

woman scorned Never mind that he behaved throughout his affair with Donald Trump like a shrew too uptight to screw Harry and Meghan announcing split from royal family Most Britons will feel about Meghan breaking up the royals the way they felt about Yoko breaking up the Beatles The Last Dance revealing how Bulls paid Jordan like a king Pippen like a pauper Michael is clearly the NBA s GOAT Unfortunately Pippen is arguably its greatest goat of all time Chinese leaders quarantining millions to contain Covid 19 Practice from quarantining millions of Uyghur Muslims for years in religious cleansing camps means that they are doing so in this case with Nazi like efficiency Democrats trying to impeach Trump Even if lead House manager Rep Adam Schiff were Christ incarnate he would still be unable to break the cult like loyalty Republicans show their two legged golden calf Republicans bending over to be cuckolded by Trump The more he humiliates white Republican men the more they like him Hell some like Senator Ted Cruz of Texas even like him when he humiliates their wives which puts a fetishistic twist on cuckoldry that is just too perverse for words White cops patrolling Black communities It s a curious thing that Black men seem so willing to cede that role of protecting their own to white men who seem all too eager to patrol Black communities like invading soldiers Mary Trump s tell all selling like hotcakes Given the egregious way Donald exaggerates his wealth the irony cannot be lost on Mary that this book could make her the richest Trump of them all It might not be revenge but it would be sweet

Hero Michael Grant,2019-11-05 The mind blowing conclusion to the Monster trilogy and the final installment in the Gone series from science fiction and fantasy master Michael Grant is perfect for superhero and Stephen King fans alike After the fall of Perdido Beach dome a new set of humans developed mutant powers from the rock infected with alien virus They are the Rockborn Gang Dekka Shade Cruz Malik Armo and Francis With their superpowers they have defended the earth from other rockborn who used their powers for evil like Dillon Poe When another rock carrying the virus strikes New York a new foe Bob Markovic rises with a horrifying and nearly unstoppable ability Markovic s unending ambition and lack of a moral compass made him unbearable before the virus And that was before he was a swarm of plague ridden insects with the power and means to take over the city and maybe the world As the Rockborn Gang try to defeat their latest villain they will find themselves on morally gray grounds and have to make tough decisions if they want to save the world In this pulse pounding finale to the saga more than ten years in the making Michael Grant delivers an unforgettable conclusion while asking What does it take to be a hero Praise for Monster Ratchets up the gore and action and features a diverse cast of characters An evocative intricately plotted companion series ALA Booklist Read the entire series Gone Hunger Lies Plague Fear Light Monster Villain Hero

AI in Social Studies Education Christopher H. Clark,Cathryn van Kessel,2025 The introduction of widely available generative AI tools has caused a frenzy of both positive and negative reactions Between utopian visions and apocalyptic predictions of AI s impact on education there is a need to thoughtfully consider what education in the age of AI can and should look like This volume focuses on the implications of AI technology for teachers in K 12 and university settings providing a careful look at its affordances and drawbacks for social
