

Radical Puzzle

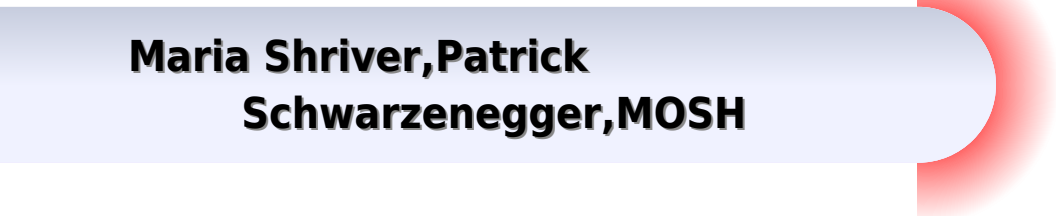

Working with radicals can be tricky but fluency with them will pay dividends in Algebra 2 and beyond. Here is a puzzle you can use to practice your radical skills.

1. Cut out all of the pieces
2. Use properties of radicals to match up equivalent expressions.
3. Paste your final answer to a fresh piece of paper and win.

Regime Support Beyond the Balance Sheet Matthew Rhodes-Purdy, 2017-10-19 This book challenges the conventional wisdom that policy performance is the most important determinant of regime support It does so by focusing on two countries where performance and support do not match Chile is the economic envy of every country in Latin America yet support has been surprisingly anemic By contrast Venezuela managed to maintain extremely high levels of support during the reign of Hugo Chavez despite severe failures of governance Resolution of these paradoxes requires turning away from policy decisions and focusing instead on how those decisions are made Taking inspiration from democratic theory and social psychology this book argues that extensive opportunities for direct participation in the political process engenders in citizens strong feelings of efficacy a sense of control over the course of politics Rhodes Purdy uses a mixed methods approach to test this theory including qualitative case studies analysis of survey data and experimental methods

Calling All Radicals Gabriel Thompson, 2007-09-28 American democracy is seemingly in retreat Voting rates are at an all time low citizens are disillusioned and inequality continues to soar But there is also a belief that change is possible *Calling All Radicals* argues that

we can reclaim our democracy in the old fashioned way through grassroots organizing Gabriel Thompson draws upon his own experience of working within local communities to demonstrate its immediate impact Some examples When a brother and sister were being evicted from their home of 73 years the community responded by staging a protest in front of the landlord s home gaining media attention and forcing the owner to allow them to stay With children in Central Brooklyn suffering from lead poisoning Thompson designed a campaign that trained inner city high school students to test neighborhood homes and found that 1 in 3 were dangerous forcing NYC officials to act by pushing through citywide legislation that held landlords responsible for implementing more proactive steps to fix hazards Calling All Radicals argues that everyone is capable of community organizing It explains the key tactics of organizing leadership development conducting research and working effectively with the media
