Ocr Past Paper Chemistry 2011:

Must do better: How to improve the image of teaching and why it matters Harry Hudson, Roy

Blatchford, 2022-01-24 We have a serious problem with the image of teaching in this country In the eyes of many teaching is not truly a profession akin to other professions In the popular imagination it is not on a par with medicine law or accountancy engineering architecture or business It is not held in the same esteem as careers which are of equivalent importance to society Must do better challenges this damaging and pernicious status quo It examines the origins of our problem with teaching it shines a light on the exciting reality of teaching in the 21st century and it charts a new course for the image of the modern teaching profession The book is written to be easily read by the general reader because ultimately it is with the general reader the parent the employer the politician that lies the power to effect the change that society needs We can and we must change the image of teaching for the better
