Oeuvres De Paul Lafargue

Anthony Vidler

Oeuvres De Paul Lafargue:

Jean Jaurès Geoffrey Kurtz, 2014-09-23 Jean Jaurès was a towering intellectual and political leader of the democratic Left at the turn of the twentieth century but he is little remembered today outside of France and his contributions to political thought are little studied anywhere In *Jean Jaurès The Inner Life of Social Democracy* Geoffrey Kurtz introduces Jaurès to an American audience The parliamentary and philosophical leader of French socialism from the 1890s until his assassination in 1914 Jaurès was the only major socialist leader of his generation who was educated as a political philosopher As he championed the reformist method that would come to be called social democracy he sought to understand the inner life of a political tradition that accepts its own imperfection Jaurès's call to sustain the tension between the ideal and the real resonates today In addition to recovering the questions asked by the first generation of social democrats Kurtz's aim in this book is to reconstruct Jaurès's political thought in light of current theoretical and political debates To achieve this he gives readings of several of Jaurès's major writings and speeches spanning work from his early adulthood to the final years of his life paying attention to not just what Jaurès is saying but how he says it

The Scenes of the Street and Other Essays

Anthony Vidler, 2011-03-15 Anthony Vidler an internationally recognized scholar theorist and critic of modern and contemporary architecture is widely known for his essays on the most pressing issues and debates in the field This volume brings together a collection of such writings including the iconic long unavailable *Scenes of the Street* into one volume *Scenes of the Street and Other Essays* showcases Vidler's engaging and accessible expertise on both contemporary and historic subjects that are relevant to today's concerns *Scenes of the Street* a multi faceted analysis of city planning is one such example other essays in this volume include *Unknown Lands* Guy Debord and the *Cartographies of a Landscape to be Invented* *Transparency and Utopia* *Constructing the Void* from Pascal to Foucault and *The Modern Acropolis* Tony Garnier from *La Cité Antique* to the *Cité Industrielle* Vidler writes in his introduction In the following essays I have interrogated the struggle for an urban architecture in the modern period its critiques and aspirations in the belief that understanding the historical dimensions of the debate will lead to a renewal of interest in an architecture calculated to redeem if only partially our planet of slums and its deteriorating environment an interest that will not simply reject utopia out of hand or fall back into the complacencies of nostalgia Written during a period in which the debates themselves were actively engaged by critics and supporters of modernism they reflect contemporary issues as they search for their prehistory As historical inquiries they inevitably also engage the transformations in history writing itself since 1970 intellectual responses to the social and political conditions of postwar modernity This fascinating series of essays on issues and figures is an invaluable resource for architects and art historians and enthusiasts of structure and substance alike

Oeuvres Paul Lafargue, 2012 *Children of the Revolution* Robert Gildea, 2008 For those who lived in the wake of the French Revolution its aftermath left a profound wound that no subsequent king emperor or president could heal *Children of the Revolution* follows the ensuing generations

who repeatedly tried and failed to come up with a stable regime after the trauma of 1789

Storia della storiografia, 2009 Intellectual Founders of the Republic Sudhir Hazareesingh, 2001-11 This innovative study of French political culture re-examines the origins of modern republicanism through the lives and political thought of five nineteenth century intellectuals Jules Barni Charles Dupont White Emile Littr Eug ne Pelletan and Etienne Vacherot By their writings and their political practices at the local national international levels these thinkers made major contributions to the founding of the new republican order in France Drawing on a range of archival and published sources the book sheds new light on classical republican thinking on such key issues as the interpretation of the 1789 Revolution the definition of citizenship the meaning of patriotism the relationship between central government and local democracy the value of individual liberty and the place of education and religion in public and private life These five studies also break new ground in the conceptualization of nineteenth century French intellectual history The writings of these thinkers demonstrate the ideological pluralism and diversity of moderate French republican thought during this period Positivism appears as an important and influential doctrine but its hegemonic aspirations were successfully resisted by the abiding influences of Saint Simonism socialism doctrinaire liberalism and neo Kantianism It emerges that the ideological potency of republican doctrine lay in its complexity and sophistication as reflected in its capacity to effect a synthesis among these different approaches Through its analysis of the writings and political practices of these five thinkers *Intellectual Founders of the Republic* offers critical insights into the history of political thought as well as modern French republicanism It underlines both the significance of contextuality in the interpretation of political discourse and the continuing relevance of classical republicanism in making sense of contemporary moral and political dilemmas

The Third Republic in France, 1870-1940 William Fortescue, 2017-07-05 An essential introduction to the major political problems debates and conflicts which are central to the history of the Third Republic in France from the Franco Prussian War of 1870-71 to the fall of France in June 1940 It provides original sources detailed commentary and helpful chronologies and bibliographies on topics including the emergence of the regime and the Paris Commune of 1871 Franco German relations anti-Semitism and the Dreyfus Affair the role of women and the importance of the national birth rate the character of the French Right and of French fascism

Handbook on the History of Economic Analysis Volume II Gilbert Faccarello, Heinz D. Kurz, 2016-07-27 This unique troika of Handbooks provides indispensable coverage of the history of economic analysis Edited by two of the foremost academics in the field the volumes gather together insightful and original contributions from scholars across the world The encyclopaedic breadth and scope of the original entries will make these Handbooks an invaluable source of knowledge for all serious students and scholars of the history of economic thought

Marxism and the Philosophy of Science Helena Sheehan, 2018-01-23 A masterful survey of the history of Marxist philosophy of science Sheehan retraces the development of a Marxist philosophy of science through detailed and highly readable accounts of the debates that shaped it Skilfully deploying a large cast of characters Sheehan

shows how Marx and Engel s ideas on the development and structure of natural science had a crucial impact on the work of early twentieth century natural philosophers historians of science and natural scientists With a new afterword by the author

The Pursuit of Laziness Pierre Saint-Amand,2011-05-09 We think of the Enlightenment as an era dominated by ideas of progress production and industry not an era that favored the lax and indolent individual But was the Enlightenment only about the unceasing improvement of self and society The Pursuit of Laziness examines moral political and economic treatises of the period and reveals that crucial eighteenth century texts did find value in idleness and nonproductivity Fleshing out Enlightenment thinking in the works of Denis Diderot Joseph Joubert Pierre de Marivaux Jean Jacques Rousseau and Jean Sim on Chardin this book explores idleness in all its guises and illustrates that laziness existed not as a vice of the wretched but as an exemplar of modernity and a resistance to beliefs about virtue and utility Whether in the dawdlings of Marivaux s journalist who delayed and procrastinated or in the subjects of Chardin s paintings who delighted in suspended playful time Pierre Saint Amand shows how eighteenth century works provided a strong argument for laziness Rousseau abandoned his previous defense of labor to pursue reverie and botanical walks Diderot emphasized a parasitic strategy of resisting work in order to liberate time and Joubert s little known posthumous Notebooks radically opposed the central philosophy of the Enlightenment in a quest to infinitely postpone work Unsettling the stubborn view of the eighteenth century as an age of frenetic industriousness and labor The Pursuit of Laziness plumbs the texts and images of the time and uncovers deliberate yearnings for slowness and recreation Some images inside the book are unavailable due to digital copyright restrictions

Georges Sorel's Study on Vico Eric Brandom,Tommaso Giordani,2019-12-09 Georges Sorel s Study on Vico is a revelatory document of the depths and stakes of French social thought at the end of the 19th century What brought Sorel to the 18th century Neapolitan theorist of history Acute awareness of the limitations of Marxist thought in his day a profound concern with the material underpinnings of language law and culture and the imperative to understand the possibilities of revolutionary change We find here a different Sorel one who speaks in surprising ways to the 21st century The translation is accompanied by an introduction and by a set of notes which situate the text both in Sorel s overall intellectual trajectory and in the fin de si cle debates from which it emerged

How Is Critical Economic Theory Possible? György Márkus,János Kis,György Bence,2022-09-12 This book is a masterpiece of critical theory It provides an illuminating and original meta theoretical account of Marx s general views of critical economic theory Sympathetic to the general aims of Marx it also excavates the internal contradictions of the Marxian theory with unparalleled care Written in Hungarian in the early 1970s it was censored by the communist authorities immediately after its completion Its belated publication in English signifies a major boon for research scholars in a range of disciplines including philosophy political economy Marxism intellectual history and Eastern European studies

Sisters Or Citizens? Charles Sowerwine,1982-01-28 This book is a study of the responses of working women to the oppression they faced both as women and as workers in the nineteenth century

Feminism and

Motherhood in Western Europe, 1890-1970 A. Allen, 2005-06-30 According to Allen motherhood and citizenship are terms that are closely linked and have been redefined over the past century due to changes in women's status, feminist movements and political developments. Mother-child relationships were greatly affected by political decisions during the early 1900s and the maternal role has been transformed over the years. To understand the dilemmas faced by women concerning motherhood and work, for example, Allen argues that the problem must be examined in terms of its demographic and political development through history. Allen highlights the feminist movements in Western Europe, primarily Britain, France, Germany and the Netherlands, and explores the implications of the maternal role for women's aspirations to the rights of citizenship. Among the topics Allen explores are the history of the maternal role, psychoanalysis and theories on the mother-child relationship, changes in family law from 1890-1914, the economic status of mothers and reproductive responsibility. **Labour of Laziness in**

Twentieth-Century American Literature Zuzanna Ladyga, 2019-07-04 This text argues that major twentieth-century American writers such as Gertrude Stein, Ernest Hemingway, John Barth, Donald Barthelme and David Foster Wallace provocatively challenge the ethos of productivity by filtering their ethical interventions through culturally stigmatised imagery of laziness. The Life of Jean Jaurès Harvey Goldberg, 2002-10-16 A biography of the French Socialist leader

Bibliography of the History of Medicine, 1984 **Oeuvres tome 14** Jean Jaurès, 2022-12-07 La période du 1^{er} juin 1910 au 30 septembre 1912 met le Jaurès de la maturité aux prises avec son siècle. Sur le plan international, le danger de la guerre se précise avec l'ouverture de conflits dans les Balkans. Les possibilités d'affrontements sanglants entre nationalités prennent corps, ainsi que les rivalités et les ambitions des grandes puissances. La recherche de solutions alternatives pour la paix laisse simultanément entrevoir une voie vers la coopération européenne. Autant d'éléments qui nourrissent les discours et écrits de Jean Jaurès, dont la stratégie internationale dépasse le cadre européen, le nationalisme hindou et les propositions américaines d'arbitrage, par exemple. En politique intérieure, Jaurès s'attelle à la grande bataille pour la Représentation proportionnelle, le RP, qui soulève la question des alliances et, en filigrane, de la conception de la République et de la démocratie. Un combat de plus en ces années de luttes marquées par la grève des cheminots ou la poursuite des débats sur les retraites qui mettent en jeu les droits des travailleurs et les prémices de l'état social. Dans les congrès nationaux et internationaux se forment gagement les contours de l'identité socialiste au grès des controverses sur le rapport à entretenir avec la franc-maçonnerie, le syndicalisme ou sur la position de L'Humanité, du parti ou du journal socialiste. L'heure où les menaces s'accumulent où se pose la question des chemins à suivre pour le mouvement ouvrier. Jaurès incarne plus que jamais la voix du socialisme, d'ailleurs, par et sous la direction de Marion Fontaine, professeure des sciences à Sciences Po, en collaboration avec Alain Chatriot, professeur des sciences à Sciences Po, Fabien Conord, professeur des sciences à Clermont-Ferrand et Emmanuel Jousse, maître de conférences à Sciences Po Lyon. *From Revolutionaries to Citizens* Paul B. Miller, 2002-04-04 The author explores the importance of the antimilitarist Left in French social and political culture during this period. **Auguste Blanqui and the**

Politics of Popular Empowerment Philippe Le Goff, 2020-02-20 Few individuals made such an impact on nineteenth century French politics as Louis Auguste Blanqui 1805 1881 Political organiser leader propagandist and prisoner Blanqui was arguably the foremost proponent of popular power to emerge after the French Revolution Practical engagement in all the major uprisings that spanned the course of his life 1830 1848 1870 71 was accompanied by theoretical reflections on a broad range of issues from free will and fatalism to public education and individual development Since his death however Blanqui has not been simply overlooked or neglected his name has widely become synonymous with theoretical misconception and practical misadventure Auguste Blanqui and the Politics of Popular Empowerment offers a major re evaluation of one the most controversial figures in the history of revolutionary politics The book draws extensively on Blanqui s manuscripts and published works as well as writings only recently translated into English for the first time Through a detailed reconstruction and critical analysis of Blanqui s political thought it challenges the prevailing image of an unthinking insurrectionist and rediscovers a forceful and compelling theory of collective political action and radical social change It suggests that some of Blanqui s fundamental assumptions from the insistence on the primacy of subjective determination to the rejection of historical necessity are still relevant to politics today

This is likewise one of the factors by obtaining the soft documents of this **Oeuvres De Paul Lafargue** by online. You might not require more times to spend to go to the book start as without difficulty as search for them. In some cases, you likewise realize not discover the message Oeuvres De Paul Lafargue that you are looking for. It will entirely squander the time.
