Dawn in an Ice Age World Rolf Witzsche, 2005 Mankind is the child of the Ice Age Our more than 2 million year history extends through the entire Pleistocene Ice Age Epoch We were shaped by the need to be creative to survive and still are Now that our warm interglacial epoch is nearly over we find ourselves challenged to be creative once again as the global agriculture and with it our food supply will be radically diminished once we get back into the Ice Age World Can we protect our agriculture in indoor facilities That sounds like science fiction right It will take a hundred years to do it But will we upgrade our human dimension to do it especially in the way we relate to one another as human beings We are deeply divided to the very grassroots social level and isolated The needed Ice Age Renaissance requires a taller foundation The novel explores the countless dimensions that are involved in breaking the ice in our social domain at the level of sexual and marital division and isolation towards becoming sublime as human beings The great renaissance principles of universal love and of the advantage of the other are threaded through the story putting a new light on sex and marriage relationships and expanding them into the universal dimension This novel is Episode 2B of the science fantasy series *The Lodging for the Rose* by Rolf A F Witzsche

The Works of Fumito Ueda Damien Mecheri, 2019-05-21 Go behind the scenes of the creation of the Fumito Ueda trilogy Fumito Ueda has worked on 3 games *ICO* *Shadow of the Colossus* and *The Last Guardian* Each of them was able to express the depth of their author's reflection his love of purity and showed a real poetry Are video games art This study of the Fumito Ueda's work focuses on the question of the artistic essence of video games

EXTRACT When the game *ICO* was released in 2001 it had several decades worth of video games behind it The game itself was significantly influenced by video games that had touched its creator Fumito Ueda *Another World* by Eric Chahi and *Prince of Persia* by Jordan Mechner Yet when a player takes the ethereal Yorda's hand when they feel this physical contact through the vibrations in the controller something happens Something new and profound Something that can only exist through a video game A simple idea attached to the R1 button and digital interaction opens a new door Of course this insignificant seeming gesture is but a small representation of what can really happen Its strength lies elsewhere it draws from everything that makes up *ICO* its art direction everything in chiaroscuro its vanishing lines its simple and clear game mechanics its lack of visual interface its quest for physical realism its minimalist narration its extraordinary sensibilities It is an opening to an evocative otherworld that lets our imagination soar Contemplative slow and nearly speechless *ICO* offers an uncommon poetic adventure rejecting traditional video game standards while still drawing from them Many remained indifferent to it Just as many were touched as rarely before

ABOUT THE AUTHOR Passionate about films and video games Damien Mecheri joined the writing team of *Gameplay RPG* magazine in 2004 and wrote several articles for the second special edition on the *Final Fantasy* saga With this same team Damien continued his work in 2006 for another publication known as *Background* before continuing the adventure online in 2008 with *Gameweb.fr* Since 2011 he has written and co-written numerous works for Third Editions including *The Legend of Final Fantasy X* *Dark Souls Beyond the Grave* and *Welcome to Silent Hill Journey to the Center of*
