

## Of Mice and Men Chapter 5 Questions

Read chapter 5 and answer the following questions about Curley's Wife:

**What is her American Dream?** Curley's Wife's "American dream" is to become a famous actress. She states, "He says he was gonna put me in the movies. Says I was a natural. Soon's he got back to Hollywood he was gonna write to me about it."

**What does she do to obtain this dream?** She holds on to that dream and talks about what could have been although she had kept it a secret from her husband wishing to escape the ranch and her husband.

**What obstacles does she face?** Curley's wife is lonely and does not understand why the ranch hands ignore her. Curley's wife really does not do anything bad to anybody. Her biggest sin is that she is a tease. What the men see as her being a tease is just her desperation for any human contact. She suffers from oppression and discrimination because of her gender. Being the only female character in the novel, she represents "the other", much like Crooks, the stable buck. It is clear she is unhappy in her marriage and lonely not having anyone to talk to.
