## Ogun State College Of Health Tutition Fees:

**Handbook of Research on Healthcare Administration and Management** Wickramasinghe, Nilmini, 2016-08-23 Effective healthcare delivery is a vital concern for citizens and communities across the globe The numerous facets of this industry require constant re evaluation and optimization of management techniques The Handbook of Research on Healthcare Administration and Management is a pivotal reference source for the latest scholarly material on emerging strategies and methods for delivering optimal healthcare opportunities and solutions Highlighting issues relating to decision making process optimization and technological applications this book is ideally designed for policy makers administrators students professionals and researchers interested in achieving superior healthcare solutions *Economic Analysis For Management And Policy* Jan, Steven, Hanson, Kara, Kumarayanake, Lilani, 2005-09-01 This book discusses theoretical perspectives in health economics by developing an appreciation of how economic concepts and techniques can be applied in policy making and management in the health sector **Biodiversity in Africa: Potentials, Threats and Conservation** Sylvester Chibueze Izah, 2022-08-27 This edited work brings out a comprehensive collection of information on Potentials Threats and Conservation of Biodiversity in Africa The main focus of this book is to address the sustainability of Biodiversity of Africa Biodiversity are organisms that typically have life and possess the characteristics of living things The biodiversity is being affected by human activities as well as natural effects This in turn is affecting the uses of biodiversity which are mainly food and medicine Therefore it will be useful to point possible means of conserving biodiversity of African so as to enhance the sustainability of their uses especially in Africa This book is of interest and useful to biodiversity experts policy makers conservationists and industries interested in biodiversity conservation of native flora and fauna in the area It will also be useful to environmental and agricultural scientists foresters horticulturists ecologists and valuable source of reference to the relevant researchers and students undergraduate and Post graduate in the region *Nanostructured Materials for Biomedical Applications* Raji Vijayamma, Nandakumar Kalarikkal, Sabu Thomas, 2024-06-18 Nanostructured Materials for Biomedical Applications highlights progress challenges and opportunities in nanomedicine and discusses novel engineering approaches of nanostructured materials that are useful in various biomedical applications The book provides a comprehensive review of the state of the art in bio nanotechnology with an emphasis on diverse biomedical applications such as in drug delivery bioimaging hyperthermia and targeted cancer therapy Users will find this to be a broad introductory reference for anyone new to the field or those who wish to gain a thorough overview of nanostructured materials in the context of biomedical applications The breadth of this book will appeal to an interdisciplinary audience including materials scientists pharmaceutical scientists and biomedical engineers Covers a range of nanomaterial types including metal nanoparticles luminescent nanoparticles cubosomes smart nanostructures and much more Reviews the diverse applications of nanomaterials in biomedicine such as in theranostics biosensing cancer therapy drug delivery and tissue engineering

Provides a concise introductory reference for those new to the fields of bionanomaterials and bio nanotechnology

Handbook of Addiction, Recovery and Quality of Life Maria Florence, Wouter Vanderplasschen, Mansoo Yu, Jessica De Maeyer, Shazly Savahl, 2025-01-25 This handbook brings together research and innovation across two important and related fields quality of life QoL and addiction recovery Though both fields of research are equally vibrant this volume brings together the advancing scholarly exploration of the intersection between QoL and addiction recovery It provides comprehensive coverage of the theoretical perspectives on QoL in the field of addiction and recovery instruments and methodologies to assess QoL different types of addiction in specific populations and QoL and practices and interventions for supporting recovery and promoting QoL It importantly includes international and intercultural perspectives on QoL and addiction recovery By including sound theoretical conceptual historical empirical and cross cultural contributions on QoL and addictions the volume offers many opportunities for advancing support treatment and recovery of persons with addiction problems based on their subjective perspectives and experiences This handbook is a go to resource for a wide interdisciplinary readership interested in quality of life research subjective well being public health and addiction research

*Applications of Nanovesicular Drug Delivery* Amit Kumar Nayak, Md Saquib Hasnain, Tejraj M. Aminabhavi, Vladimir P. Torchilin, 2022-07-22 Applications of Nanovesicular Drug Delivery provides thorough insights and a complete and updated discussion on the preparation properties and drug delivery applications of various nanovesicles This volume will discuss target specific drug application such as ocular transdermal nasal intravenous and oral delivery This title is a valuable resource for academics pharmaceutical scientists including industrial pharmacists and analytical scientists health care professionals and regulatory scientists actively involved in pharmaceutical products and process development of tailored made polysaccharides in drug delivery applications Recently there have been a number of outstanding nanosystems in nanovesicular carrier forms such as nanoemulsions self nanoemulsifying systems nanoliposomes nanotransferosomes etc that have been researched and developed for efficient drug delivery by many formulators researchers and scientists However no previously published books have covered all these drug delivery nanovesicles collectively in a single resource Provides thorough insights and up to date discussions about the various systems of nanovesicular drug delivery Covers advanced trigger assisted systems such as iontophoresis ultra sound triggering etc and how they have been used for improved drug delivery by nanovesicles Presents recent advances in drug delivery fields by global leaders and experts from academia research industry and regulatory agencies Includes an updated literature review of relevant key topics good quality illustrations chemical structures attractive flow charts and well organized tables

**Transforming Healthcare in Africa** Robert Dibie, 2025-01-14 The current available books and literature that shed light on health policies in many African countries are limited Transforming Healthcare in Africa A Comparative Analysis by Professor Robert Dibie examines the key players in the health system game in many African countries It explores the regulatory regimes that impact the health

systems such as the Ministry of Health It also provides few case studies of the relationship between the government the environment and their citizens Apart from filling the gap in the healthcare policy in African literature the authors also seek to examine the impacts of weak health policies and the inability to effectively formulate solid initiatives for capacity building that could lead to enhanced healthcare delivery for all their citizens Thus Dibia's book provides evidence to inform scholarly discussion on the best approaches to strengthen healthcare delivery and public health capacity in many African countries The book also sought to answer six research questions 1 How is healthcare delivery perceived by African countries 2 How are healthcare policies implemented in urban and rural regions or local governments in African countries 3 To what extent are current health services delivered to respond to all citizens needs in African countries 4 What is the current capacity for rural or local governments to effectively engage in health service delivery 5 How can citizens living in rural and urban regions be empowered in the health development delivery system and 6 Which is the best evidence based management system adopted to improve affordable healthcare system in many African countries It also fills the gap in the literature of health systems in Africa

*Healthcare Education in Nigeria* Joseph A. Balogun, 2020-12-30 This book provides a comprehensive and authoritative assessment of the training of health professionals in Nigeria looking back to how health care education has evolved in the country over time before investigating new and emerging trends The book begins with a discussion of the fundamentals of health care education the art of teaching health care students and modeling professionalism in health care The book highlights the work of pioneer Nigerian health care academics and explores the administration of health care education at departmental level Finally it highlights the role of elite Nigerian health care academics in the diaspora chronicles contemporary challenges in health care education and makes recommendations for reform This book will be of interest to students scholars and practitioners working on health care education in Africa

Who's who in Nigeria, 1990

*Privacy and Security Challenges in Location Aware Computing* Saravanan, P. Shanthi,Balasundaram, S. R.,2021-04-23 Location aware computing is a technology that uses the location provides granular geographical information of people and objects to derive contextual information Today one can obtain this location information free of cost through smartphones Smartphones with location enabled applications have revolutionized the ways in which people perform their activities and get benefits from the automated services It especially helps to get details of services in less time wherever the user may be and whenever they want The need for smartphones and location enabled applications has been growing year after year Nowadays no one can leave without their phone the phone seemingly becomes one of the parts of the human body The individual can now be predicted by their phone and the identity of the phone becomes the person s identity Though there is a tremendous need for location enabled applications with smartphones the debate on privacy and security related to location data has also been growing Privacy and Security Challenges in Location Aware Computing provides the latest research on privacy enhanced location based applications development and exposes the necessity of location privacy preservation as well as issues and challenges related to protecting the location data It also suggests solutions for enhancing the protection of location privacy and therefore users privacy as well The chapters highlight important topic areas such as video surveillance in human tracking detection geographical information system design cyberspace attacks and warfare and location aware security systems The culmination of these topics creates a book that is ideal for security analysts mobile application developers practitioners academicians students and researchers

Indigenous Fermented Foods for the Tropics Oluwafemi Ayodeji Adebo,Chiemela Enyinnaya Chinma,Adewale Olusegun Obadina,Antonio Gomes Soares,Sandeep K. Panda,Ren-You Gan,2023-01-21 Indigenous Fermented Foods for the Tropics provides insights on fermented foods of the Tropics particularly Africa Asia and South America highlighting key aspects and potential developments for these food products Sections provide an overview on the production and composition nutritional physicochemical health beneficial and microbiota of these indigenous fermented foods in the tropics innovative techniques for investigating the composition of these fermented food products and improvement of the fermentation process to yield better nutritional constituents health beneficial components and sensory qualities and safety aspects to be considered in fermented foods Other sections provide insights into the packaging and marketing of these food products as well as future prospects of fermented foods in the tropics This book provides new perspectives and recent information to complement existing texts on indigenous fermented foods serving as a valuable reference text for detailed insights into indigenous fermented foods of the tropics Discusses fermented foods from

the Africa Asia and South America based on the raw materials used Offers innovative techniques for improving these indigenous products and investigating their composition as well as upgrading traditional technologies used in the production of fermented products Covers the role of technology and innovations in the quest for enhancing quality and safety of fermented foods as demand for fermented food and beverage products is increased **Harnessing Biotechnology Tools**

**for Product Development** Patrick Omoregie Isibor,Paul Akinniyi Akinduti,2025-05-16 This comprehensive guide that explores the application of biotechnology in creating innovative products across various industries for sustainable development in Nigeria Africa and globally The book delves into the latest biotechnological techniques and tools including genetic engineering bioinformatics and synthetic biology highlighting their practical uses in pharmaceuticals agriculture environmental management and industrial processes It will give researchers practitioners and students a thorough understanding of how they can leverage biotechnology to drive product innovation improve efficiency and address global challenges Case studies and real world examples illustrate the potential and impact of biotechnology in modern product development if supportLists Provides an in depth understanding of the latest biotechnology tools and techniques Examines how biotechnology is used to address global issues like food security environmental sustainability and health Examples and case studies offer insights into successful product development using biotechnological methods **Issues in Eating**

**Disorders, Nutrition, and Digestive Medicine: 2013 Edition** ,2013-05-01 Issues in Eating Disorders Nutrition and Digestive Medicine 2013 Edition is a ScholarlyEditions book that delivers timely authoritative and comprehensive information about Additional Research The editors have built Issues in Eating Disorders Nutrition and Digestive Medicine 2013 Edition on the vast information databases of ScholarlyNews You can expect the information about Additional Research in this book to be deeper than what you can access anywhere else as well as consistently reliable authoritative informed and relevant The content of Issues in Eating Disorders Nutrition and Digestive Medicine 2013 Edition has been produced by the world s leading scientists engineers analysts research institutions and companies All of the content is from peer reviewed sources and all of it is written assembled and edited by the editors at ScholarlyEditions and available exclusively from us You now have a source you can cite with authority confidence and credibility More information is available at <http://www.ScholarlyEditions.com>

**Bioenergy and Biochemical Processing Technologies** Augustine O. Ayeni,Samuel Eshorame Sanni,Solomon U. Oranusi,2022-06-30 This book presents novel techniques current trends and cutting edge technologies in energy and biochemical processes The authors explore recent advances that solve challenges related to the implications and commercialization of these processes by introducing new techniques or modifying existing technologies to meet future demands for food materials bioproducts fossil fuels biofuels and bioenergy Divided into three parts the first section of the book addresses issues related to the utilization and management of energy towards the efficient characterization and conversion of wastes or raw bio materials to useful products The second section focuses largely on studies on molecular

detection of analytes purification and characterization of products recovered from biochemical enzymatic food and phytochemicals as well as biostimulation and bioaugmentation processes The final section discusses areas related to heat and mass transfer fuel processing technologies nanofluids and their applications

**The Complete Concise History of the Slave Trade** Olayanju Olajide, 2013 This book is written mainly from my experience since my arrival in the United Kingdom in the early 1960s I came to the UK before I came in contact with any Afro American or Caribbean In Nigeria I know some people whose parents originally returned to Nigeria from Brazil and Cuba The names of these great people are household names in Nigeria and particularly in Lagos The more I stay in the UK the more I realise that our people from America and Caribbean have very little knowledge of Africa To my greatest surprise some of them think that Africa is a small country I came to the UK before the slave trade became a common topic It is quite clear from my observation that the history of the slave trade is wrongly taught in overseas as far as it concerns Africa Worse still some of our people here think that the whole of Africa was involved in the slave trade This book is to put forward the authentic history of the slave trade Moreover this book will show clearly the areas affected by the slave trade The aim of the writer of this book is to make the history of the slave trade clear and simple to read The idea is to make the book affordable and available as much as possible in order to study the history in Africa and overseas If the history of the slave trade is taught and studied carefully any such mistakes will be avoided in future

*Medicinal Plant Research in Africa* Victor Kuete, 2025-04-16 *Medicinal Plant Research in Africa* second edition is an updated and complete reference on the pharmacology of most relevant African species and their phytochemical properties Although pharmacopoeias of most African countries are available and contain an impressive number of medicinal plants used for various therapeutic purposes however there was no global standard book on the nature and specificity of chemicals isolated in African medicinal plants This book has set the standard when it first published in 2013 and now is updated with novel phytochemicals belonging to diverse classes of terpenoids phenolics and alkaloids The first chapter cover monoterpenes and related phytochemicals and is followed by sesquiterpenes on chapter two Chapter three reviews diterpenoids and chapter four provides an overview of triterpenes and steroids Essential oils simple phenols phenolic acids and related esters come next in chapters five and six respectively The following chapters cover coumarins flavonoids quinones xanthenes lignans and stilbenes Tannins alkaloids and ceramides Chapters 15 to 20 focus on specific health conditions starting with antibiotic infection antimalarial and other antiprotozoal diseases cytotoxic and anticancer activity anti inflammatory and analgesic action antidiabetic botanicals and the applications of African plant phytochemicals on reproductive cardiovascular and central nervous systems conditions The final chapter covers the market and industry updates since the first edition published *Medicinal Plant Research in Africa* 2 Ed provides a complete overview of the main phytochemical principles present in the African flora and their pharmaceutical use Pharmaceutical scientists Ethnopharmacists botanists and medicinal chemists will benefit from the content organization and the inclusion of the most

recent methods for structural identification of phytochemicals pharmacological techniques and data interpretation Covers novel chemical structures and new pharmacological data Highlights how phytochemicals can help overcome drug resistance Provides updated methods for structural identification of phytochemicals pharmacological techniques and data interpretation

**ACPES 2022** Benny Aprial M, Alan Alfiansyah Putra Karo-karo, Eka Abdurrahman, 2023-06-01 Proceedings of The 8th ACPES INTERNATIONAL CONFERENCE 2022 ASEAN Council of Physical Education and Sport contain several papers that have been presented at a seminar with the theme The Evaluation and Growth of Physical Education Sport and Health in The New Normal Era This seminar was held on 28 30 October 2022 and was organized by the Sekolah Tinggi Olahraga dan Kesehatan Bina Guna and became a routine agenda every year The 8th ACPES INTERNATIONAL CONFERENCE 2022 ASEAN Council of Physical Education and Sport was realized this year by presenting various presenters lecturers researchers and students from universities both inside and outside Indonesia The 8th ACPES INTERNATIONAL CONFERENCE 2022 ASEAN Council of Physical Education and Sport presents 2 leading keynote speakers from Sport Science NIE NTU Singapore and University Of Nottingham Malaysia 6 Invited Speakers from University Sains Malaysia Universitas Negeri Semarang Sekolah Tinggi Olahraga dan Kesehatan Bina Guna Nanyang Technological University Mahasarakam University and Srinakarimwirot University In addition presenters for the parallel sessions came from various State and Private Universities Institutions Academies and Schools Some of them are those who have already sat and are about to take the oral exam The plenary speakers presented topics covering various disciplines They have provided a wealth of inspiring input on trending educational research topics around the world The hope is that all prospective lecturers and students will share the results of their research to improve teaching processes and quality as well as leadership This international seminar presented the results of research reviews and results of dedication carried out by researchers from various domestic and foreign agencies attended by 168 participants from 5 countries namely Malaysia Thailand the Philippines Singapore and Indonesia There were 66 papers that passed through a rigorous review process and were accepted by the committee All papers reflect the scope of the Conference by following Physical Education Educational Model Global Issues in Education and Research Transformative Learning and Education Sports Education Sports Science and Educational Technology Management Curriculum Research and Development Innovative Educational Practices and Effective Technologies in the Classroom Education policy
