A Strange and Formidable Weapon Marion Girard,2008-06-01 The advent of poison gas in World War I shocked Britons at all levels of society yet by the end of the conflict their nation was a leader in chemical warfare Although never used on the home front

poison gas affected almost every segment of British society physically mentally or emotionally proving to be an armament of total war Through cartoons military records novels treaties and other sources Marion Girard examines the varied ways different sectors of British society viewed chemical warfare from the industrialists who promoted their toxic weapons while maintaining private control of production to the politicians who used gas while balancing the need for victory with the risk of developing a reputation for barbarity Although most Britons considered gas a vile weapon and a symptom of the enemy's inhumanity many eventually condoned its use The public debates about the future of gas extended to the interwar years and evidence reveals that the taboo against poison gas was far from inevitable A Strange and Formidable Weapon uncovers the complicated history of this weapon of total war and illustrates the widening involvement of society in warfare **Black Belt** ,2004-01 The oldest and most respected martial arts title in the industry this popular monthly magazine addresses the needs of martial artists of all levels by providing them with information about every style of self defense in the world including techniques and strategies In addition Black Belt produces and markets over 75 martial arts oriented books and videos including many about the works of Bruce Lee the best known martial arts figure in the world Black Belt ,1985-09 The oldest and most respected martial arts title in the industry this popular monthly magazine addresses the needs of martial artists of all levels by providing them with information about every style of self defense in the world including techniques and strategies In addition Black Belt produces and markets over 75 martial arts oriented books and videos including many about the works of Bruce Lee the best known martial arts figure in the world **Black Belt** ,2004-02 The oldest and most respected martial arts title in the industry this popular monthly magazine addresses the needs of martial artists of all levels by providing them with information about every style of self defense in the world including techniques and strategies In addition Black Belt produces and markets over 75 martial arts oriented books and videos including many about the works of Bruce Lee the best known martial arts figure in the world *Black Belt* ,1979-03 The oldest and most respected martial arts title in the industry this popular monthly magazine addresses the needs of martial artists of all levels by providing them with information about every style of self defense in the world including techniques and strategies In addition Black Belt produces and markets over 75 martial arts oriented books and videos including many about the works of Bruce Lee the best known martial arts figure in the world Black Belt ,1985-08 The oldest and most respected martial arts title in the industry this popular monthly magazine addresses the needs of martial artists of all levels by providing them with information about every style of self defense in the world including techniques and strategies In addition Black Belt produces and markets over 75 martial arts oriented books and videos including many about the works of Bruce Lee the best known martial arts figure in the world **Black Belt** ,1990-01 The oldest and most respected martial arts title in the industry this popular monthly magazine addresses the needs of martial artists of all levels by providing them with information about every style of self defense in the world including techniques and strategies In addition Black Belt produces and markets over 75 martial arts
