The Core Leigh A. Bortins,2025-10-16 In the past correct spelling the

multiplication tables the names of the state capitals and the American presidents were basics that all children were taught in school Today many children graduate without this essential knowledge Most curricula today follow a haphazard sampling of topics with a focus on political correctness instead of teaching students how to study Leigh Bortins a leading figure in the homeschooling community is having none of it She believes that there are core areas of knowledge that are essential to master Without knowing the multiplication tables children can't advance to algebra Without mastery of grammar students will have difficulty expressing themselves Without these essential building blocks of knowledge students may remember information but they will never possess a broad and deep understanding of how the world works In The Core Bortins gives parents the tools and methodology to implement a rigorous thorough and broad curriculum based on the classical model including Rote memorization to cement knowledge Systematic learning of geography historical facts and timelines Reading the great books and seminal historical documents instead of adaptations and abridged editions Rigorous training in math and the natural sciences
