Political Risk Services International Country Risk Guide:

International Political Risk Management Theodore H. Moran, 2001-01-01 The purpose of this report is to present the ideas and experiences of some of the most distinguished practitioners from the investor financial and investment insurance communities in the world To assist the reader this volume's editor provides a brief overview to introduce each of the separate topics Topics focus on the multiple pledge of shares problem the preferred creditor status breach of contract coverage in infrastructure projects and OPIC modified expropriation coverage using an Indonesian case study securitizing political risk insurance and cooperation competition and the science of pricing in the political risk insurance marketplace Publisher description

Investment and Risk in Africa Paul Collier, Catherine Pattillo, 2016-07-27 This book brings together academics in the fields of economics political science and law with business practitioners in the fields of risk assessment and portfolio management Their contributions are sequenced to tell a story Africa is perceived as being a highly risky continent As a result investment is discouraged These risks are partly exaggerated However to the extent that they reflect genuine problems they are capable of being mitigated by insurance and reduced by political restraints such as central banks investment charters and international agreements

Country Risks and the Investment Activity of U.S. Multinationals in Developing Countries Mr. Alexander Lehmann, 1999-10-01 This paper develops a simple real options model that demonstrates the role of country specific risk and sunk costs in determining a multinational's choice between exports and foreign investment The hypotheses from the model are tested for the distribution of capital expenditures by U S owned foreign affiliates in 29 developing countries during 1984-95 Political and economic risk ratings are identified as deterrents to foreign capital formation scale economies unit wage differentials trade openness and agglomeration effects are found to be stimulating These findings provide an additional rationale for a multilateral investment agreement that could function as an agency of restraint

International Investment, Political Risk, and Growth Philipp Harms, 2012-12-06 Following substantial policy reforms in many countries the past decade has been characterized by a remarkable increase of long term private capital flows to the developing world However the bulk of these investments has concentrated on a few economies at the intermediate level of the international income distribution while the large number of low income countries has been mostly neglected by international investors Starting from these observations *International Investment Political Risk and Growth* analyzes the potential growth effects of liberalizing investment regimes in developing economies and offers an explanation for the apparent bias of private capital flows towards middle income countries It demonstrates that the removal of investment barriers may liberate an economy from a vicious circle of poverty unproductive saving and low growth and presents a novel approach to analyzing the role of political risk as a major impediment to greater private capital inflows Offering a combination of theoretical models and empirical analysis and discussing both the historical evidence and the recent literature this book contributes to a better understanding of the determinants and consequences of international

investment in developing countries
