We Gotta Get Out of This Place Gerri Hirshey, 2002-06 Called a kind of female Cameron Crowe by the Chicago Tribune Hirshey's narrative is based on original interviews as she serves up a tasty platter of girl groups and soul queens acoustic goddesses and priestesses of the avant garde punk grrrls glamazons and innovators of hip hop and neo soul Photos

THEN: Science Fiction Fandom in the UK: 1930-1980 Rob Hansen, 2016 **Beyond the Quagmire** Geoffrey W. Jensen, Matthew M. Stith, 2019-03-15 In *Beyond the Quagmire* thirteen scholars from across disciplines provide a series of provocative important and timely essays on the politics combatants and memory of the Vietnam War Americans believed that they were supposed to win in Vietnam As veteran and Pulitzer Prize winning author Philip Caputo observed in *A Rumor of War* we carried along with our packs and rifles the implicit convictions that the Viet Cong would be quickly beaten and that we were doing something altogether noble and good By 1968 though Vietnam looked less like World War II's triumphant march and more like the brutal and costly stalemate in Korea During that year the United States paid dearly as nearly 17 000 perished fighting in a foreign land against an enemy that continued to frustrate them Indeed as Caputo noted We kept the packs and rifles the convictions we lost It was a time of deep introspection as questions over the legality of American involvement political dishonesty civil rights counter cultural ideas and American overreach during the Cold War congealed in one place Vietnam Just as Americans fifty years ago struggled to understand the nation's connection to Vietnam scholars today across disciplines are working to come to terms with the long and bloody war its politics combatants and how we remember it The essays in *Beyond the Quagmire* pose new questions offer new answers and establish important lines of debate regarding social political military and memory studies The book is organized in three parts Part 1 contains four chapters by scholars who explore the politics of war in the Vietnam era In Part 2 five contributors offer chapters on Vietnam combatants with analyses of race gender environment and Chinese intervention Part 3 provides four innovative and timely essays on Vietnam in history and memory In sum *Beyond the Quagmire* pushes the interpretive boundaries of America's involvement in Vietnam on the battlefield and off and it will play a significant role in reshaping and reinvigorating Vietnam War historiography

JanMohamed and Kenneth Surin **The American Counterculture** Damon R. Bach, 2020-12-03 Restricted to the shorthand of sex drugs and rock n roll the counterculture would seem to be a brief vibrant stretch of the 1960s But the American counterculture as this book clearly demonstrates was far more than a historical blip and its impact continues to resonate In this comprehensive history Damon R. Bach traces the counterculture from its antecedents in the 1950s through its emergence and massive expansion in the 1960s to its demise in the 1970s and persistent echoes in the decades since The counterculture as Bach tells it evolved in discrete stages and his book describes its development from coast to heartland to coast as it evolved into a national phenomenon involving a diverse array of participants and undergoing fundamental changes between 1965 and 1974 Hippiedom appears here in relationship to the era's movements civil rights women's and gay liberation Red and Black Power the New Left and environmentalism In its connection to other forces of the time Bach contends that the counterculture's central objective was to create a new superior society based on alternative values and institutions Drawing for the first time on documents produced by self-described freaks from 1964 through 1973 underground newspapers memoirs personal correspondence flyers and pamphlets his book creates an unusually nuanced colorful and complete picture of a time often portrayed in clichéd or nostalgic terms This is the counterculture of love-ins and flower children of the Grateful Dead and Jefferson Airplane but also of antiwar demonstrations communes co-ops head shops cultural feminism Earth Day and antinuclear activism What Damon R. Bach conjures is the counterculture in all of its permutations and ramifications as he illuminates its complexity continually evolving values and constantly changing components and adherents

which defined and redefined it throughout its near decade long existence In the long run Bach convincingly argues that the counterculture spearheaded cultural transformation leaving a changed America in its wake Liberating Lawrence Katherine Rose-Mockry,2024-11-01 The early struggle for LGBTQ rights in the 1960s and 1970s has typically been told from the perspective of the coasts in places like New York San Francisco and Miami But the midwestern town of Lawrence Kansas home of the University of Kansas KU and a thriving location for activist organizations in the 1960s had an important role to play in the national story of LGBTQ activism in the United States Liberating Lawrence tells the first hand story of the Lawrence Gay Liberation Front LGLF a KU student organization that began in 1970 Having conducted sixty seven interviews with people who were involved at the time author Katherine Rose Mockry focuses on the group s early formative years between the founding and 1979 during which time the members of LGLF had to fight for their right to exist on campus as an official student group Inspired by a class project that led him to interview local members of the LGBTQ community David Stout initiated the formation of the LGLF in the summer of 1970 to provide a safe space for gay students to meet each other and to establish a base of operations for student activism on campus The group focused on educating the campus about the experience of being gay They formed a speakers bureau in their opening months and gave frequent presentations at KU and nearby campuses In addition to raising awareness and providing counseling services the group was also self consciously political from the start and advocated for equal protections employment rights and the elimination of laws criminalizing same sex sexual activity The university administration however did not welcome the formation of the LGLF Three times the chancellor rejected their request for recognition This led the group to file a lawsuit against the university in 1971 and the famous cause lawyer William Kunstler who had previously defended the Chicago Seven in 1969 agreed to represent them a development that received national media attention While the LGLF lost the legal battle they ultimately won the war to change the campus culture Katherine Rose Mockry has written the definitive history of gay and lesbian activism at the public universities of Kansas Liberating Lawrence is a major contribution to our understanding of the fight for gay pride and LGBTQ civil rights both locally and nationally Enduring Vietnam James Wright,2017-04-04 Introduction a generation goes to war Memorial days Dong Ap Bia becoming Hamburger Hill Passing the torch to a new generation Receiving the torch Not their father s way of war The American war in Vietnam Getting out of this place Duck and cover Enduring Vietnam a story that has no end Marxism in the Postmodern Age Antonio Callari,Stephen Cullenberg,Carole Biewener,1994-10-01 Diverse Marxian intellectual cultures are having important effects on political struggles over the subjects of history and knowledge international law television the state democratic theories and institutions bodies sexuality masculinity environmentalism postmodernism labor the meanings of the end of the USSR children archaeology the meanings of Columbus cartography the North American economy welfare NAFTA the Gulf War higher education and the many other topics discussed by the contributors to this important volume These essays show readers how Marxism s continuing vitality derives from its profound

allegiance to diverse struggles for social justice At this moment we need progressive imaginaries alternative to the tired and ineffectual ones that have left us with enormous challenges and compelling questions on every aspect of contemporary social relations Here well known thinkers are joined by important new voices in exploring fruitful directions for vision analysis and political action This is without question the best collection of mediations so far on postorthodox Marxian tendencies in contemporary global cultures

Gender and Modernity Ulrike Wöhr, Barbara Hamill Sato, 2000

One Market Under God Thomas Frank, 2010-02-10 In a book that has been raising hackles far and wide the social critic Thomas Frank skewers one of the most sacred cows of the go go 90s the idea that the new free market economy is good for everyone Frank's target is market populism the widely held belief that markets are a more democratic form of organization than democratically elected governments Refuting the idea that billionaire CEOs are looking out for the interests of the little guy he argues that the great euphoria of the late nineties was never as much about the return of good times as it was the giddy triumph of one America over another Frank is a latter day Mencklen as readers of his journal *The Baffler* and his book *The Conquest of Cool* know With incisive analysis passionate advocacy and razor sharp wit he asks where we are headed and whether we're going to like it when we get there

Between Jesus and the Market Linda Kintz, 1997-07-23 The result a telling analysis of the complexity and appeal of the emotions that matter to many Americans highlights how these emotions now determine public policy in ways that are increasingly dangerous for those outside familiarity's circle

Capitalizing on Culture Shane Gunster, 2004-01-01 Building on the work of Theodor Adorno and Walter Benjamin *Capitalizing on Culture* presents an innovative accessible and timely exploration of critical theory in a cultural landscape dominated by capital Despite the increasing prevalence of commodification as a dominant factor in the production promotion and consumption of most forms of mass culture many in the cultural studies field have failed to engage systematically either with culture as commodity or with critical theory Shane Gunster corrects that oversight providing attentive readings of Adorno and Benjamin's work in order to generate a complex non reductive theory of human experience that attends to the opportunities and dangers arising from the confluence of culture and economics Gunster juxtaposes Benjamin's thoughts on memory experience and capitalism with Adorno's critique of mass culture and modern aesthetics to illuminate the key position that the commodity form plays in each thinker's work and to invigorate the dialectical complexity their writings acquire when considered together This blending of perspectives is subsequently used to ground a theoretical interrogation of the comparative failure of cultural studies to engage substantively with the effect of commodification upon cultural practices As a result *Capitalizing on Culture* offers a fresh examination of critical theory that will be valuable to scholars studying the intersection of culture and capitalism

Political Literacy in Composition and Rhetoric Donald Lazere, 2015-07-20 A critique of the postmodern pluralist faction in composition and rhetoric that has led these disciplines to value diverse student voices over the teaching of critical thinking and writing this book explains why political literacy is necessary and how instructors

may teach it *Consuming Youth* Robert Latham,2007-11-01 From the novels of Anne Rice to The Lost Boys from The Terminator to cyberpunk science fiction vampires and cyborgs have become strikingly visible figures within American popular culture especially youth culture In *Consuming Youth* Rob Latham explains why showing how fiction film and other media deploy these ambiguous monsters to embody and work through the implications of a capitalist system in which youth both consume and are consumed Inspired by Marx s use of the cyborg vampire as a metaphor for the objectification of physical labor in the factory Latham shows how contemporary images of vampires and cyborgs illuminate the contradictory processes of empowerment and exploitation that characterize the youth consumer system While the vampire is a voracious consumer driven by a hunger for perpetual youth the cyborg has incorporated the machineries of consumption into its own flesh Powerful fusions of technology and desire these paired images symbolize the forms of labor and leisure that American society has staked out for contemporary youth A startling look at youth in our time *Consuming Youth* will interest anyone concerned with film television and popular culture **Contesting Empire, Globalizing Dissent** Norman K.

Denzin,Michael D. Giardina,2015-12-03 Denzin and Giardina have brought together the works of leading cultural critics who have given cultural studies a global framework that meets our need to examine the governing strategies of the military the economy the media and educational elites This is a must read for those who want cultural studies to really matter in the present moment Patricia Ticineto Clough *Contesting Empire Globalizing Dissent Cultural Studies after 9 11* is a landmark text Leading scholars from cultural studies education gender studies and sociology reposition critical cultural studies research around the goals of moral clarity and political intervention Chapters range in focus from neoliberalism and democracy to America s war on kids and the cultural politics of national identity *Coining for Capital* Jyotsna

Kapur,2005-07-11 Since the 1980s a peculiar paradox has evolved in American film Hollywood s children have grown up and the adults are looking and behaving more and more like children In popular films such as Harry Potter Toy Story Pocahontas Home Alone and Jumanji it is the children who are clever savvy and self sufficient while the adults are often portrayed as bumbling and ineffective Is this transformation of children into little adults an invention of Hollywood or a product of changing cultural definitions more broadly In *Coining for Capital* Jyostna Kapur explores the evolution of the concept of childhood from its portrayal in the eighteenth century as a pure innocent and idyllic state the opposite of adulthood to its expression today as a mere variation of adulthood complete with characteristics of sophistication temptation and corruption Kapur argues that this change in definition is not a media effect but rather a structural feature of a deeply consumer driven society Providing a new and timely perspective on the current widespread alarm over the loss of childhood *Coining for Capital* concludes that our present moment is in fact one of hope and despair As children are fortunately shedding false definitions of proscribed innocence both in film and in life they must now also learn to navigate a deeply inequitable antagonistic and consumer driven society of which they are both a part and a target
