Wireless Security Door/Window Sensor

This wireless door/window sensor only works with your Wireless Security Kit (48-1000). Your Wireless Security Kit includes two sensors. Purchase up to 38 additional (39 total) sensors to expand and protect all 38-system zones. You can add additional door/window sensors and additional motion detectors, as long as the additional units do not exceed 38 number of zones in your system. Refer to your 48-1000 user guide for more information on adding motion detectors and door/window sensors to your wireless system.

The sensor jack allows you to fasten an extra magnetic switch for additional door/window protection. The sensor must be within 100 feet of the console to operate properly.

initializing your sensor

1. Use a screwdriver to loosen the screw and remove the front of the sensor.

2. Insert two AAA batteries (not supplied).
3. After you replace the batteries, place the magnet next to the sensor then move it away. If the system does not chime, you must register the sensor again. To register the sensor, follow steps 1 thru 6 on page 1.

If the sensor stops working properly, or **PROBLEM** appears on your console's display, replace the sensor's batteries.

- Dispose of old batteries properly and properly. Do not burn or bury them.
- Use only fresh batteries of the required size and recommended type.
- Do not mix old and new batteries, different types of batteries, or batteries of different capacities.
