

Rainforests

They're really half a world away,
there's nothing we can do.
"Rainforests" might be just two words
to kids like me and you.

They're really somewhere over there.
I may not even see
a Rainforest in my entire life.
What should it mean to me?

I know that in these Rainforests
that I may never see,
half the world's plants, animals and insects
live in harmony.

I know that trees are being cut,
faster than we know,
These trees are where the creatures live,
so now where will they go?

So, I know they're half a world away,
Rainforests I can't see.
But I can learn and understand
because the future starts with me!
You can make a difference.
