The Oxford Companion to Sugar and Sweets, 2015-04-01 A sweet tooth is a powerful thing Babies everywhere seem to smile when tasting sweetness for the first time a trait inherited perhaps from our ancestors who foraged for sweet foods that were generally safer to eat than their bitter

counterparts But the science of sweet is only the beginning of a fascinating story because it is not basic human need or simple biological impulse that prompts us to decorate elaborate wedding cakes scoop ice cream into a cone or drop sugar cubes into coffee These are matters of culture and aesthetics of history and society and we might ask many other questions Why do sweets feature so prominently in children s literature When was sugar called a spice And how did chocolate evolve from an ancient drink to a modern candy bar The Oxford Companion to Sugar and Sweets explores these questions and more through the collective knowledge of 265 expert contributors from food historians to chemists restaurateurs to cookbook writers neuroscientists to pastry chefs The Companion takes readers around the globe and throughout time affording glimpses deep into the brain as well as stratospheric flights into the world of sugar crafted fantasies More than just a compendium of pastries candies ices preserves and confections this reference work reveals how the human proclivity for sweet has brought richness to our language our art and of course our gastronomy In nearly 600 entries beginning with la mode and ending with the Italian trifle known as zuppa inglese the Companion traces sugar s journey from a rare luxury to a ubiquitous commodity In between readers will learn about numerous sweeteners as well known as agave nectar and as obscure as castoreum or beaver extract the evolution of the dessert course the production of chocolate and the neurological psychological and cultural responses to sweetness The Companion also delves into the darker side of sugar from its ties to colonialism and slavery to its addictive qualities Celebrating sugar while acknowledging its complex history The Oxford Companion to Sugar and Sweets is the definitive guide to one of humankind s greatest sources of pleasure Like kids in a candy shop fans of sugar and aren t we all will enjoy perusing the wondrous variety to be found in this volume

Degh to Dastarkhwan Tarana Husain Khan,2022-10-17 Tarana was an indifferent eater and an unenthusiastic cook until a chance encounter with a nineteenth century Persian cookbook in Rampur s fabled Raza Library started her off on a journey into the history of Rampur cuisine and the stories around it Part food memoir and part celebration of a cuisine Degh to Dastarkhwan answers the question what constitutes and distinguishes Rampur cuisine Each chapter represents an emotion an observance or a celebration The spread of Rampuri food from the grand royal cuisine to the simple daily fare becomes the arena to express love loss forgiveness and spirituality Peopled with compelling characters from all walks of life the book is a tour de force that includes recollections of a princess to the spiritual ambience of a Sufi shrine with stories of khansamas weddings and funerals
