Pixie The Chihuahua Pixie Finds A Home:

The Adventures of Loki - the Husky Krishna Vemuri, Dev Gupta, 2020-12-08 The longer we look into them the deeper the ocean of possibilities seems to be In their essence a baby's eyes are God's ultimate totems of purity the purity of love When the baby grows into a teen and then into an adult something changes about those eyes Somehow they seem to lose the purity of love It's quite the opposite story when you look at a dog's eyes they are pure when they are born they are pure the day they die and they are pure every day in between They shower love on humans all through their lives However dogs barely get a chance to show the same unconditional love to their own species because they live in a human centric universe where humans call the shots Someone once said humans need dogs because there is no other way for them to experience pure love Has anyone ever wondered how things would be if dogs got to call the shots Would a dog mother ever let her baby go Would a pup ever leave her mother's side Highly unlikely because in their capacity to love a human mother is a bear mother is a whale mother is a squirrel mother is a dog mother

An Airplane Was My Burro Robert R. Reynolds, 2006-01-19 The author of this memoir is a retired Economic Geologist who was privileged to work for several mining companies in the fields of metals and energy He was also employed by the Illinois State Geological Survey and by the Foreign Section of the US Geological Survey and taught one year at The Wisconsin School of Mines between jobs His first love was minerals exploration and he was very successful as he found a major reserve of zinc in SW Wisconsin a very good uranium mine in New Mexico and several large strip coal reserves in the Western and Central United States His ability as an airplane pilot served him well particularly in his work on western coals The variety of his work experience makes for numerous interesting stories and many insightful geological observations He was about to embark on a career as a pitcher in professional baseball when he received a scholarship to the University of Chicago and discovered geology
