## **Politique Et Theacuteologie Chez Athanase Dalexandrie:**

**Politique et théologie chez Athanase d'Alexandrie** Charles Kannengiesser, 1973      **The Spirit of God** Michael A.G. Haykin, 2015-12-22 The Spirit of God examines the use of 1 and 2 Corinthians by two fourth century Greek Christian authors Athanasius and Basil of Caesarea especially as it relates to the doctrine of the Holy Spirit The controversy over the nature and status of the Spirit during the latter half of the fourth century is detailed in order to place in context the examination of the way in which the theological concerns of Athanasius and Basil shaped their pneumatological interpretation of the Corinthian correspondence This examination will be of value to patristic scholars interested in the way that Scripture was employed in the fourth century to hammer out doctrine      Saint Athanasius of Alexandria George Dion Dragas, 2005 St Cyril of Alexandria St Athanasius great successor tells us Our Father Athanasius of hallowed memory who adorned the throne of the Church of Alexandria for the whole of forty six years and arrayed an unconquerable and apostolic knowledge in battle against the sophistries of the unholy heretics and greatly gladdened the world with his writings as by a most fragrant perfume and all bear witness to the accuracy and piety of his teaching was a man worthy of trust and deserving a confidence since he did not say anything not in agreement with Holy Scripture The present volume consists of a collection of essays which represent original research into the writings of St Athanasius Patriarch of Alexandria 295 373 These essays respond to challenges arising out of the contemporary scholarly studies of St Athanasius theology and writings The new perspectives in Athanasian studies which these essays offer are closer to the original theological legacy of this great Alexandrian Father of the Church who has come down in the history of the Church as the canon of orthodoxy Modern critical research and discussions have too often tended to obscure the Athanasian legacy and bar contemporary theology from the amazing blessings that this great ecumenical teacher and Father of the Church has bequeathed to all Christian generations      **Paul as homo novus** Eve-Marie Becker, Jacob Mortensen, 2018-04-16 20th century research in St Paul is widely impacted by Adolf Deissmann's prominent view on the apostle as a homo novus 1911 But where does this concept originate from and what does it imply This collection of articles does not only re-evaluate Deissmann's concept by tracing it back to its historical and socio-political origins in Cicero and exploring how authors from early Imperial Time perceive and transform the homo novus paradigm by diverse modes and strategies of literary self-fashioning Scholars ranging the fields of New Testament Studies Greek and Latin Philology Ancient History Patristics and Comparative Literature also examine how the Ciceronian paradigm was early on transformed disseminated and applied as a literary concept and an authorial topos of self-molding One of the leading questions throughout the volume thus is How do authors like Cicero Horace Paul Tacitus Seneca Athanasius and Augustine fashion themselves in accordance to or in difference from the idea of being a new man It is argued that by means of literary self-configuration indeed some of these writers such as Paul and Augustine want to appear as new men by either altering traditional social moral religious or political roles or by creating new patterns of social behavior and religious self

understanding     **Desert Christians** William Harmless, 2004-06-17 In the fourth century the deserts of Egypt became the nerve center of a radical new movement what we now call monasticism Groups of Christians from illiterate peasants to learned intellectuals moved out to the wastelands beyond the Nile Valley and in the famous words of Saint Athanasius made the desert a city In so doing they captured the imagination of the ancient world They forged techniques of prayer and asceticism of discipleship and spiritual direction that have remained central to Christianity ever since Seeking to map the soul's long journey to God and plot out the subtle vagaries of the human heart they created and inspired texts that became classics of Western spirituality These Desert Christians were also brilliant storytellers some of Christianity's finest This book introduces the literature of early monasticism It examines all the best known works including Athanasius Life of Antony the Lives of Pachomius and the so called Sayings of the Desert Fathers Later chapters focus on two pioneers of monastic theology Evagrius Ponticus the first great theoretician of Christian mysticism and John Cassian who brought Egyptian monasticism to the Latin West Along the way readers are introduced to path breaking discoveries to new texts and recent archeological finds that have revolutionized contemporary scholarship on monastic origins Included are fascinating snippets from papyri and from little known Coptic Syriac and Ethiopic texts Interspersed in each chapter are illustrations maps and diagrams that help readers sort through the key texts and the richly textured world of early monasticism Geared to a wide audience and written in clear jargon free prose Desert Christians offers the most comprehensive and accessible introduction to early monasticism     **Constantine and Eusebius** Timothy David Barnes, 1981 Here is the fullest available narrative history of the reigns of Diocletian and Constantine and a new assessment of the part Christianity played in the Roman world of the third and fourth centuries     **The Eusebians** David M. Gwynn, 2007 A historical and theological re evaluation of the polemical writings of Athanasius of Alexandria bishop 328-73 who would become known to later Christian generations as a saint and a champion of orthodoxy and as the defender of the original Nicene Creed of 325 against the Arian heresy For much of his own lifetime however Athanasius was an extremely controversial figure and his writings although highly influential on modern interpretations of the fourth century Church and the so called Arian Controversy display bias and distortion David M Gwynn examines Athanasius polemic in detail and in particular his construction of those he condemns as Arian as a single heretical party the Eusebians Gwynn argues that Athanasius image of the Church polarized between his own orthodoxy and the Arianism of the Eusebians is a polemical construct which has seriously impaired our knowledge of the development of Christianity in the crucial period in which the Later Roman Empire became ever increasingly a Christian empire     **Trinity and Incarnation** Basil Studer, 1994-04-01 A fresh examination of the history of early Christian doctrine by one of the world's leading authorities which sets its development in the political and cultural context of the Roman Empire     **Studies on the Melitian Schism in Egypt (AD 306-335)** Hans Hauben, edited by Peter Van Nuffelen, 2018-02-06 The Melitian schism originated in the context of the Diocletianic persecution In 306 under dramatic circumstances Melitius of

Lycopolis decided to challenge his superior the bishop of Alexandria An attempt at reconciliation proposed by the Council of Nicaea 325 was unsuccessful and the Melitians as they were now called often associated with the Arians would become favourite targets of a bitter and polemical Athanasius of Alexandria 328 373 The schism continued to exist in Egypt until the middle of the eighth century Notwithstanding the rich source material including original documents and papyri the dissidence has received relatively little scholarly attention This collection of essays by Hans Hauben focuses on the well documented earliest phase of the schism from the persecution to the Synod of Tyre 335 It elucidates the chronology of the schism the decisions of Nicaea the internal organisation of the parallel church and the tensions in Alexandria caused by its repression as well as interpretative problems posed by the sources The essays constitute an in depth assessment of the causes development and meaning of the Melitian schism and together with additional related studies also included in the volume they paint a rich picture of early Christian society **L'Eglise et L'Empire au IV Siecle** Albrecht Dihle,1989-12-31

**Three Powers in Heaven** Emanuel Fiano,2023-06-20 A fresh look at how Christianity and Judaism became two distinct religions through the parting of their intellectual traditions How when and why did Christianity and Judaism diverge into separate religions Emanuel Fiano reinterprets the parting of the ways between Jews and Christians as a split between two intellectual traditions a split that emerged within the context of ancient debates about Jesus s relationship to God and the world Fiano explores how Christianity moved away from Judaism through the development of new practices for religious inquiry By demonstrating that the constitution of communal borders coincided with the elaboration of different methods for producing religious knowledge the author shows that Christian theological controversies often thought to teach us nothing beyond the history of dogma can cast light on the broader religious landscape of late antiquity Three Powers in Heaven thus marks not only a historical but also a methodological intervention in the study of the parting of the ways and in scholarship on ancient religion **And Taking Bread ...** Mahlon H. Smith,1978 **Athanasius and Constantius** Timothy David Barnes,2001 Barnes s reconstruction of Athanasius s career analyzes the nature and extent of the Bishop s power especially as it intersected with imperial policies Untangling classic misconceptions Barnes reveals the Bishop s true role in the struggles within Christianity and in the relations between the Roman emperor and the Church at a critical juncture

VanderKam, William Adler, 1996-12-07 The question of apocalyptic influence on Jesus and early Christianity is again strongly contested The issues connected with this question include terminology genre historical reconstruction sectarian self definition and many others This book provides a fresh assessment of the nature and significance of early Christian appropriation of Jewish apocalyptic material *The Bible in Athanasius of Alexandria* James D. Ernest, 2021-12-28 This study of uses of Scripture in the writings of Athanasius of Alexandria draws upon detailed textual observations to construct a coherent description of interpretive practices across the several genres in which this prominent fourth century bishop wrote

**Christologische Schriftargumentation und Bildersprache** Elisabeth Grünbeck, 2015-12-22 This volume examines the early Church's methods of theological argumentation concerning the metaphorical texts of the Bible Ps 45 presents some of the oldest biblical evidence for the divinity of Christ and was often cited in christological and trinitarian controversies In the 4th century the conflict between the traditional interpretation of the Church and linguistic methods erupted In the course of the debate with Arian exegesis the significance of metaphor and the possibility of speaking of God were conceived anew This study is based on dogmatic exegetical and spiritual texts ranging from Justin to Cyril of Alexandria and Theodoret of Cyrus It shows how the various forms of argumentation interact how scholarly theology was mediated through preaching and pastoral and catechetical interests affected christological reflection **There Is No Crime for Those Who Have Christ** Michael Gaddis, 2015-03-18 Focusing on the 4th and 5th centuries Michael Gaddis explores how various groups employed the language of religious violence to construct their own identities to undermine the legitimacy of their rivals to advance themselves in the competitive high stakes process of Christianizing the Roman Empire **Athanasius** Thomas G. Weinandy, OFM, Cap., 2018 Thomas Weinandy has done an excellent job in this book in introducing Athanasius theology A well known Catholic scholar in historical theology Weinandy has provided students of theology with a profound historiography of Athanasius major theological writing Calvin Theological Journal A reliable concise introduction to the theology of Athanasius International Journal of Systematic Theology A sustained and intelligent introduction to Athanasius and his literature and will

rightly appear on all undergraduate patristic bibliographies The Journal of Theological Studies A very fine theological as its subtitle emphasizes introduction to the Alexandrian bishop an accessible intelligent and worthy volume which offers the reader an overview of Athanasius's thought within the context of his full if at times harried ecclesiastical life Nova et Vetera Weinandy offers a summary of Athanasius' central works and a balanced assessment of his theology's merits and contemporary significance No student of Athanasius should overlook this reliable guidebook to the little Alexandrian's great life and works Religious Studies Review Weinandy's introduction to Athanasius is an important work familiarizing the reader with Athanasius' life writings and fundamental concerns Throughout the centrality of soteriology clearly emerges whether the topic is the doctrine of the Trinity or the life of Antony Hopefully this book will serve to bring Athanasius' soteriology more prominently into contemporary discussions alongside the other great masterpieces on this doctrine Themelios *Christ as Mediator* Jon M. Robertson, 2007-08-23 A detailed study of one theological concept divine mediation that was central to the Christological controversy of the early fourth century By analysing the views of three participants at the Council of Nicaea 325 Jon M Robertson demonstrates the variety of perspectives in a way that questions popular approaches to the period that see the controversy as having only two sides His analysis constitutes a new approach to the early Arian controversy as well as showing the theological backdrop of Athanasius' insight on Christ as mediator It further demonstrates the contemporary relevance of the issue by giving an Athanasian critique of the modern Christology of Roger Haight
