## Polycom® Touch Control

### Telepresence at your fingertips

The intuitive solution for accelerating Unified Communications (UC) and system optimization throughout your organization. The Polycom® Touch Control provides instant solutions to highly complex touch-screen issues that would take hours to solve. It takes mere moments, not hours, to complete a task or to troubleshoot. By simplifying user experience, collaboration and allowing participants to focus on their meeting, the Polycom® Touch Control solution goes beyond other touch and navigation technologies and adds controls that make user navigation more precise than the others.

#### Conference with confidence

The Polycom® Touch Control interface is ideal for enterprise, virtual and institutional multi-user environments, and any other group working together and using software applications. Featuring a high-resolution display that provides a tactile response and easy navigation, the Polycom® Touch Control solution gives users the control of aspects of their software adjusted for meeting/working languages, allowing users to move content.

Users can easily control the meeting using a series of touch gestures, as well as keyboard and mouse use. For a quick answer to user inquiries, the Polycom® Touch Control communicates with the Polycom® UCaaS and RoomPresence® (RTP) for the most comprehensive solution, which can be integrated with Microsoft® Exchange® software or other calendar applications.

The Polycom® Touch Control offers multiple options for a single user, including voice or touch (or both) control, as well as a single user interface on the Touch Control via Polycom® (control via the touch screen) or dual control (users from both Touch Control and Touch Control).

#### Easy to use and deploy

The Polycom® Touch Control offers multiple options for a single user, including voice or touch (or both) control, as well as a single user interface on the Touch Control via Polycom® (control via the touch screen) or dual control (users from both Touch Control and Touch Control). The Polycom® Touch Control solution can be deployed in a meeting room, configured to provide users with a consistent experience regardless of environment or device, and can be customized to suit your unique requirements.

#### Benefits

- Reduced time and complexity in navigating and managing user experience through highly intuitive interface
- Improved user experience through easy touch control
- Collaboration through multiple applications (e.g. Polycom® UCaaS, RoomPresence®, Microsoft® Exchange®, etc.)
