Clauss,2023-03-30 Our nation is still reeling from the 346 fatalities suffered on two flights of the Boeing 737 MAX 8 planes the first in May 2017 and the second in March 2019 These are just one of the series of costly and deadly consequences of defective products described in this book Besides the Boeing 737

planes the examples of bad products include automobiles electrical energy networks pipelines bridges and other large structures banks drinkable water and financial services While the immediate or proximate causes of the disasters have been bad design or bad production the root or underlying causes have been bad corporate management and business cultures caused by corporate leaders The final five chapters provide short essays on product design production quality control management and culture and what the leaders of our private companies and government agencies might do to reduce the pitfalls that have led to so many defective products and their dire consequences **Pricing Lives** W. Kip Viscusi,2020-10-06

How society s undervaluing of life puts all of us at risk and the groundbreaking economic measure that can fix it Like it or not sometimes we need to put a monetary value on people s lives In the past government agencies used the financial cost of death to monetize the mortality risks of regulatory policies but this method vastly undervalued life Pricing Lives tells the story of how the government came to adopt an altogether different approach the value of a statistical life or VSL and persuasively shows how its more widespread use could create a safer and more equitable society for everyone In the 1980s W Kip Viscusi used the method to demonstrate that the benefits of requiring businesses to label hazardous chemicals immensely outweighed the costs VSL is the risk reward trade off that people make about their health when considering risky job choices

With it Viscusi calculated how much more money workers would demand to take on hazardous jobs boosting calculated benefits by an order of magnitude His current estimate of the value of a statistical life is 10 million In this book Viscusi provides a comprehensive look at all aspects of economic and policy efforts to price lives including controversial topics such as whether older people's lives are worth less and richer people's lives are worth more He explains why corporations need to abandon the misguided cost of death approach how the courts can profit from increased application of VSL in assessing liability and setting damages and how other countries consistently undervalue risks to life Pricing Lives proposes sensible economic guideposts to foster more protective policies and greater levels of safety in the United States and throughout the world *Английский язык для специалистов автосервиса* Алла Герасимук, 2016-07-31 **Consumer Reports Buying Guide** Consumer Reports Magazine, 2006-11 This is an all new 2007 edition go help with trusted product reviews and comparison test results and ratings With more than 950 product ratings plus exclusive brand repair histories for many product categories the experts identify the best items in many areas *Exercising Your Ethics* Leslie E. Sekerka, 2021-09-30 Through a witty and engaging style the author invites readers to consider their character authenticity at work The book is for people who want to do the right thing but may not be sure what that means how to go about it or how to withstand the forces that may push them away from wanting to be ethical In a world that seems to reward winning regardless of how it is achieved we need a clearer reason for wanting to be and become our best selves Poking fun at the ironies and hypocrisies of human behavior Exercising Your Ethics prompts you to leverage techniques that will help you become more deliberate about choosing value driven actions Exercising Your Ethics explains the messy business of workplace ethics in a way that is relatable and relevant Readers will learn to build moral strength and encourage its development in others while also recognizing moral vulnerability traps It is an ideal resource for adult business education and training in academic or organizational settings Educators HR professionals team leaders coaches and trainers will find the book a guide for competency development and as a way to prompt reflective discourse Illustrator Ralph Underhill produces cartoons for a diverse number of social and environmental movements He has a particular interest in using artistic communications to motivate positive change *Preventing Litigation* Nelson (Nick) E. Brestoff, William H. Inmon, 2015-08-25 Preventing Litigation for the first time explains how to build an early warning system to identify the risk of litigation before the damage is done and proves that there is big value in less litigation This book puts everyone where they should be at the top of the cliff The authors are subject matter experts one in litigation the other in computer science and each has more than four decades of training and experience in their respective fields Together they present a way forward to a transformative revolution for the slow moving world of law for the benefit of the fast paced environment of the business world Any business adopting the teachings of this pioneering game changing book will have a competitive advantage *Lemon-Aid Used Cars and Trucks 2009-2010* Phil Edmonston, 2009-02-16 For the first time in one volume Phil Edmonston Canada's automotive Dr Phil covers

all used vehicles packing this guide with insider tips to help the consumer make the safest and cheapest choice possible from cars and trucks of the past 25 years **Kiplinger's Personal Finance** ,2006-12 The most trustworthy source of information available today on savings and investments taxes money management home ownership and many other personal finance topics **Old Car Auction Bible** Brian Earnest,2013-11-04 Straight from the auction block Old Car Weekly s Old Car Auction Bible is your handy resource for collector vehicle auctions from all corners of the U S In it the publishers of Old Cars Weekly and Old Cars Report Price Guide have compiled more than 40 important sales from around the country that can give hobbyists a true picture of what cars are selling for and where the collector car market is headed All the big auction houses are represented Mecum Russo and Steele Barrett Jackson RM Auctions Auctions America Worlwide Bonham s Gooding and many more **Cars , The MG Enthusiast's Handbook** Pasquale De Marco,2025-08-11 This comprehensive guide to MG cars is the perfect resource for both seasoned enthusiasts and those new to the brand With its detailed information and engaging writing style this book will help you get the most out of your MG experience From its humble beginnings in the early 1900s to its heyday in the 1960s and 1970s MG has captured the hearts and imaginations of drivers all over the world In this book we take a deep dive into the history of MG exploring its iconic models and the people who made them possible We also provide all the information you need to keep your MG running in top condition From routine maintenance to troubleshooting and repairs we cover it all We also provide tips on how to modify your MG for improved performance Whether you re looking to learn more about the history of MG keep your current car in top condition or modify it for better performance this book is the perfect resource for you With its comprehensive coverage and engaging writing style this book is sure to please MG enthusiasts of all levels So sit back relax and enjoy the ride If you like this book write a review
