Early French Cookery D. Eleanor Scully, Terence Scully, 2002 A delicious introduction to the food prepared in wealthy medieval French households *The Viandier of Taillevent* Taillevent, 1988 The Viandier is the most important early recipe collection of mediaeval France Written in the fourteenth century by Guillaume Tirel alias Taillevent the chief cook of King Charles V of France it is the starting point of many culinary traditions and practices that remain at the base of modern French haute cuisine This volume is the first to present all four extant manuscripts of the Viandier arranged in parallel for easy comparison The texts of the 220 recipes are in the original French but a complete English translation is provided Of particular interest are the differences between the four manuscripts which represent more than a century of modifications in gastronomic tastes and culinary practices in French seigneurial life The commentary and notes that accompany the texts trace the significance of these modifications and indicate the influence the Viandier exercised on more recent cookery books throughout Europe This critical edition also includes a glossary and a bibliography In addition selected recipes have been adapted with minimal modifications for modern use and arranged in a menu for six people Page 4 of cover [Rosemary Conley's 3-2-1 Diet](#) Rosemary Conley, 2015-12-31 There really is a better way to diet Rosemary Conley has devised a plan to suit the way you eat Whether you are a constant craver a feaster or an emotional eater Rosemary will show you how to diet to suit your personality Research has shown that overweight or obese people can be characterised into three types Constant Cravers are always hungry and would happily eat all the time Feasters find that once they start eating it is difficult to stop Emotional Eaters tend to turn to food at the slightest emotional upset And now Rosemary Conley has created a unique selection of healthy eating plans to suit your eating type including gluten free and lactose free options which dieters loosely follow for five days a week Then for just two days they follow Rosemary Conley's 2 Day Eating Plan based on 800 calories per day What makes this diet plan very different is that the 2 Day Eating Plan menus are designed to complement your different personality type This is a unique and very exciting weight loss concept which has been tried and tested with amazing results
