important knowledge gaps remain to be addressed which will inform evidence based practice for services of children aged 0
5 With this Research Topic we aim to bring together research from different countries and from multidisciplinary research
backgrounds on the topic of regulatory problems and disorders We particularly encourage research that focuses on observed
parent child interactions in relation to regulatory problems We view regulatory problems as a transdiagnostic
biopsychosocial concept covering excessive crying sleeping and or feeding and eating problems However studies with a focus
on any of these problems are also encouraged
