Mentoring Preservice Teachers Through Practice Melissa Mosley Wetzels, James V. Hoffman, Beth Maloch, 2017-05-08

Supporting and challenging cooperating teachers to grow in their mentoring and coaching practices with preservice teachers and also in their own work as classroom teachers this practical guide presents and illustrates the Coaching with CARE model a framework for reflection and action that helps cultivate a perspective on teaching that puts students at the center of teacher preparation and places value on apprenticeship and participation in learning The CARE model takes a turn away from traditional evaluation based training approaches offering a way for cooperating teachers and facilitators and university teacher educators who work with them to come together to shape innovative coaching and mentoring experiences for preservice teachers Mentoring Preservice Teachers Through Practice building on the authors own work with cooperating teachers is based on the most recent research on learning to teach and supporting preservice teachers and grounded in the realities of teacher education today Each chapter includes questions for discussion and suggested readings that can be used to explore the focus of the chapter more deeply as well as relevant research reports published by the authors **Teaching**

to the Math Common Core State Standards F. D. Rivera, 2014-02-05 This is a methods book for elementary majors and preservice beginning elementary teachers It takes a very practical approach to learning to teach elementary school mathematics in an emerging Age of the Common Core State Standards The Common Core State Standards in Mathematics CCSSM is not meant to be the official mathematics curriculum it was purposefully developed primarily to provide clear learning expectations of mathematics content that are appropriate at every grade level and to help prepare all students to be ready for college and the workplace A quick glance at the Table of Contents in this book indicates a serious engagement with the recommended mathematics underlying the kindergarten through grade 5 portions of the CCSSM first with issues in content practice assessment learning teaching and classroom management pursued next and in that order In this book we explore what it means to teach to the CCSSM within an alignment mindset involving content practice learning teaching and assessment The CCSSM content standards which pertain to mathematical knowledge skills and applications have been carefully crafted so that they are teachable learnable coherent fewer clearer and higher The practice standards which refer to institutionally valued mathematical actions processes and habits have been conceptualized in ways that will hopefully encourage all elementary students to engage with the content standards more deeply than merely acquiring mathematical knowledge by rote and imitation Thus in the CCSSM proficiency in content alone is not sufficient and so does practice without content which is limited Content and practice are both equally important and thus must come together in teaching learning and assessment in order to support authentic mathematical understanding This blended multisourced text is a getting smart book It helps elementary majors and preservice beginning elementary teachers work within the realities of accountable pedagogy and develop a proactive disposition that is capable of supporting all elementary students in order for them to experience growth in mathematical understanding necessary for middle school and beyond including future careers
