

The Research Paper: APA Style

In-text Citation and Reference List examples based on the
2010 Publication Manual of the American Psychological Association, 6th ed.

Examples are for print sources unless otherwise indicated.

For additional examples and more details consult the full APA manual kept at the Research Help Desk. Some disciplines may require other styles, so check with your instructor for a style recommendation. *

For updated citation information and tutorials consult: <http://www.apastyle.org/learn>

IN-TEXT CITATION is used to identify your source of information, whether quoted or paraphrased, within your paper. It is brief information, referring the reader to your reference list. Include the **author(s)** last name (unless it appears in the narrative) and the **date**. For quotations, include the **page number**, or for electronic (online) articles without page numbers, use a brief section title and paragraph number. Here are a few examples:

Quotations -- with pages: "Our culture is full of simpleminded myths of blame" (Sher, 1994, p. 45).

-- **online article, no pages:** "Empirical studies have found mixed results" (Golan & Kuchler, 2007, "Conclusions," para. 4).

One author: Pagels (1995) discussed ... **Two authors:** Juedes and Curry (1999) concluded...
OR (Pagels, 1995) OR (Juedes & Curry, 1999)

Three to five authors – first citation: Smiler, Kay, and Harris (2008) examined the history...

-- **more references to the same source** (first author followed by et al.):
Smiler et al. (2008) found...

Six or more authors: The first author followed by et al for all citations. If there is more than one article with the same lead author, see the manual for directions.

Multiple works cited together: List alphabetically by first author.

Several studies (Balda, 1995; Kamil, 1988; Pepperberg & Funk, 1990)...

Personal Communications (e.g., e-mail, personal interviews): These are included for in-text citations, but are not included in the reference list because they are not recoverable.

...as described by R. Gerstner (personal communication, November 12, 2001).

Secondary Source (use sparingly): The secondary source, Claiborne, is the one included in the reference list.

Counselor Education Carl J. Sheperis,R. J. Davis,2015-12-01 Online Counselor Education A Guide for Students is an all new guide for online students in counselor education programs Students in online environments face a number of challenges that could put them at a disadvantage unless they have a resource to help guide them through some of the confusing aspects of an online environment Such challenges include the lack of understanding surrounding graduate school performance

expectations balancing graduate school and life the inability to connect with community members and local field agencies and various other aspects unique to an online environment This text from Carl J Sheperis and R J Davis will help students through these challenges and act as an invaluable resource *The ESL Writer's Handbook, 2nd Ed.* Janine Carlock,Maeve Eberhardt,Jaime Horst,Lionel Menasche,2017-12-20 The ESL Writer s Handbook is a reference work for ESL students who

are taking college level courses Because its purpose is to provide help with the broad variety of writing questions students may have when working on school assignments the text focuses on English for Academic Purposes Unlike other handbooks on the market this book s sole purpose is to address the issues of second language learners The spiral bound Handbook

complements a student writer's dictionary thesaurus and grammar reference book. It would be suitable as a text for an advanced ESL writing course when used together with the companion Workbook 978 0 472 03726 1. The new edition features significant revisions to Sections 3 and 4 in particular; both APA and MLA style guides have been updated and new sample papers for each are included. The new edition includes new and revised exercises and many new samples of student writing. Like its predecessor, the 2nd Edition has these special features. The topic selection is based on ESL writers' needs as observed by the authors over many years. The coverage of topics is more complete than the limited amount usually provided for ESL writers in first language or L1 handbooks. The explanatory language is appropriate for ESL students in contrast to the more complex and idiomatic language of other English handbooks. Many of the examples of paragraphs, essays, research papers, and exercise sentences were written by ESL students to help users realize that they too can become effective writers.

Research Strategies William Badke, 2017-04-05. We live in a time when there is more knowledge available to us than ever before. Yet we struggle to make sense of it. When a research deadline looms and all you see is a confusing fog of data, you know you need help. In this sixth edition of *Research Strategies*, author William Badke helps you make sense of it all. He will show you how to navigate the information fog intelligently and he will detail how to use it to your advantage to become a better researcher. Badke focuses on informational research and provides a host of tips and advices not only for conducting research but also for everything from finding a topic to writing an outline to locating high quality relevant resources to finishing the final draft. Study guides, practice exercises, and assignments at the end of each chapter will help reinforce the lessons. As an experienced researcher who has led thousands of students to ramp up their research abilities, Badke uses humor to help you gain a better understanding of today's world of complex technological information. *Research Strategies* provides the skills and strategies to efficiently and effectively complete a research project from topic to final product.

Rules for Writers with 2009 MLA and 2010 APA Updates Diana Hacker, 2010-06-08. *Rules for Writers* succeeds because it has always been grounded in classroom experience. By looking at her own students' needs, Diana Hacker created an affordable and practical classroom tool that doubles as a quick reference. Developed with the help of instructors from two and four year schools, the sixth edition gives students quick access to the information they need to solve writing problems in any college course. Conducting Undergraduate Research in Education Ruth J. Palmer,Deborah L. Thompson,2022-02-17 This book offers a student focused guide to conducting undergraduate research in education and education related programs engaging students in the process of learning through research and supporting them to navigate their multidimensional academic programs Written for undergraduate students in teacher education programs the book features a range of leading voices in the field who offer a step by step guide to all elements of the research process from conducting a literature review and choosing a research topic to collecting data and building a research community with peers and mentors Ultimately volume editors Ruth J Palmer and Deborah L Thompson help model the competencies that students need to succeed including complex thinking strategic design modeling and persistent iterative practice while demonstrating how conducting research can help students develop as deep thinkers courageous researchers and active participants in their communities of practice Offering strategic approaches support and guidance this book demonstrates the wider importance of undergraduate research in informing educational practice and policy as well as understanding schools beyond the classroom context encouraging active engagement and continued learning progression Combating Plagiarism Terry Darr,2019-09-24 Offers an instructional plan for plagiarism education for middle school and high school students allowing librarians to become a resource for students teachers and school administrators The proliferation of resources now available through libraries and the internet requires a new set of information management skills in order for students to avoid plagiarism While educators legitimately expect students to approach academic work with honesty and integrity students need to be able to understand the context of their academic resources both print and digital well enough to use them appropriately and ethically Combating Plagiarism helps middle and high school teachers and librarians understand and teach the authorship and publication process so students learn to use relevant information in an ethically and academically sound fashion Terry Darr s long term collaboration with a high school history teacher taught her the challenges faced by students conducting research and by librarians and teachers tasked with teaching plagiarism prevention Her book is full of tested concepts for teaching these complex topics emphasizing our modern reliance on digital sources An extensive student reference section covers common knowledge fact and opinion A wealth of practical resources includes real life examples from research papers as well as plenty of instructional materials exercises and lesson plans **Patterns of Power, Grades 9-12** Jeff Anderson,Travis Leech,Holly

Durham, 2023-10-10 Traditional grammar instruction often focuses too much on what's right or what's wrong, hiding the true power of conventions: the creation of meaning, purpose, and effect. Instead of hammering high school students with the mistakes they should avoid, Jeff Anderson, Travis Leech, and Holly Durham suggest exploring grammar through the celebration of author's purpose and craft. In *Patterns of Power: Grades 9-12 Teaching Grammar Through Reading and Writing*, they invite you to create an environment in which writers thrive while studying and appreciating the beauty, effects, and meaning of grammar. Inside this book, teachers will find a comprehensive explanation of the brain-based *Patterns of Power* invitational process, as well as 35 standards-aligned lesson sets built around practical, engaging, inquiry-based methods that take deeper dives into grammar and craft than any worksheet, quiz, or editing exercise ever could. A variety of high-interest model texts from authentic and diverse sources, including excerpts from classic and current novels, memoirs, plays, graphic novels, poems, and media. Real-life classroom examples and tips with suggestions for scaffolding new learning and ideas for how to use the lessons in AP courses. Templates for extended application, easy-to-locate printables, and ready-to-go visuals. Additional Models for Further Study for extension opportunities in every lesson set. An entire chapter devoted to helping high school writers master citations in research. With hundreds of teach-tomorrow resources and implementation supports such as quick-reference guides, specific applications to reading instruction, and soundtrack suggestions to infuse the joy of music into grammar instruction. *Patterns of Power: Grades 9-12* gives you everything you need to inspire your high school writers to move beyond limitation and into the endless possibilities of what they can do as writers. The *Patterns of Power* series also includes *Patterns of Power: Grades 6-8 Inviting Adolescent Writers into the Conventions of Language*, *Patterns of Power: Grades 1-5 Inviting Young Writers into the Conventions of Language*, *Patterns of Wonder: Grades PreK-1 Inviting Emergent Writers to Play with the Conventions of Language*, and *Patterns of Power en Espa ol: Grades 1-5 Inviting Bilingual Writers into the Conventions of Spanish*.
