The World's Elite Forces W. H. Lang,Walter Nelson Lang,Peter Eliot,Keith Maguire,1987 The men weapons and operations in the war against terrorism *Parameters* ,1979 Security Forces in Northern Ireland 1969-92 Tim Ripley,1993-01-28 The conflict in Northern Ireland remains unlike any other campaign conducted by the British Army this century There have been no set piece battles no decisive victories or crushing defeats just a grinding relentless series of small scale operations in response to riots bombings sectarian murders and terrorist ambushes Tim Ripley a specialist in modern military affairs and research associate at Lancaster University s Centre for Defence and International Security Studies profiles the operations tactics uniforms and equipment of the British and Irish Security Forces and the main terrorist groups involved in the Troubles from 1969 92 Margaret Thatcher, the Conservative Party and the Northern Ireland Conflict, 1975-1990 Stephen Kelly,2021-01-14 Winner of the 2022 CHOICE Outstanding Academic Titles The first woman elected to lead a major Western power and the longest serving British prime minister for 150 years Margaret Thatcher is arguably one the most dominant and divisive forces in 20th century British politics Yet there has been no overarching exploration of the development of Thatcher s views towards Northern Ireland from her appointment as Conservative Party leader in 1975 until her forced retirement in 1990 In this original and much needed study Stephen Kelly rectifies this From Thatcher s no surrender attitude to the Republican hunger strikes to her nurturing role in the early stages of the Northern Ireland peace process Kelly traces the evolutionary and sometimes contradictory nature of Thatcher s approach to Northern Ireland In doing so this book reflects afresh on the political relationship between Britain and Ireland in the late 20th century An engaging and nuanced analysis of previously neglected archival and reported sources Margaret Thatcher the Conservative Party and the Northern Ireland Conflict 1975 1990 is a vital resource for those interested in Thatcherism Anglo Irish relations and 20th century British political history more broadly **Counterinsurgency and Collusion in Northern Ireland** Mark McGovern,2019-03-20 Collusion by British state forces in killings perpetrated by loyalist paramilitaries was a dubious hallmark of the dirty war in the north of Ireland Now more than twenty years since the Good Friday Agreement the story of collusion remains one of the most enduring and contentious legacies of the conflict a shadow that trails British

counterinsurgency to this day Here Mark McGovern turns back the clock to the late 1980s and early 90s the endgame of the Troubles and a period defined by a rash of state sanctioned paramilitary killings Drawing on previously unpublished evidence and original testimony from victims families and eyewitnesses he examines several dozen killings of republicans that took place in the Mid Ulster area and the impact on their families and communities Placing these accounts within a wider critical analysis of the nature of British counterinsurgency and the state use of agents and informers McGovern paints a damning picture of covert deniable and unlawful violence

Truth, Denial and Transition Cheryl Lawther, 2018-10-08 Truth Denial and Transition Northern Ireland and the Contested Past makes a unique and timely contribution to the transitional justice field In contrast to the focus on truth and those societies where truth recovery has been central to dealing with the aftermath of human rights violations comparatively little scholarly attention has been paid to those jurisdictions whose transition from violent conflict has been marked by the absence or rejection of a formal truth process This book draws upon the case study of Northern Ireland where despite a lengthy debate the question of establishing a formal truth recovery process remains hotly contested The strongest and most vocal opposition has been from unionist political elites loyalist ex combatants and members of the security forces Based on empirical research their opposition is unpicked and interrogated at length throughout this book Critically exploring notions of national imagination and blamelessness the politics of victimhood and the tension between traditions of sacrifice and the fear of betrayal this book is the first substantive effort to concentrate on the opponents of truth recovery rather than its advocates This book will interest those studying truth processes and transitional justice in the fields of Law Politics and Criminology
