Seducing The Surgeon The Divorcee Diaries English Edition:

Appendix to the Journals of the Senate and Assembly of the ... Session of the Legislature of the State of California California. Legislature,1927 *The Law Times* ,1864 **Degenerate Moderns** E. Michael Jones,1993 In this groundbreaking new book Jones shows how some of the major determining leaders in modern thought and culture have rationalized their own immoral behavior and projected it onto a universal canvas The main thesis of this book is that in the intellectual life there are only two ultimate alternatives either the thinker conforms desire to truth or he conforms truth to desire In the last one hundred years the western cultural elite embarked upon a project which entailed the reversal of the values of the intellectual life so that truth would be subjected to desire as the final criterion of intellectual value In looking at recent biographies of such major moderns as Freud Kinsey Keynes Margaret Mead Picasso and others there is a remarkable similarity between their lives and thought After becoming involved in sexual license early on they invariably chose an ideology or art form which subordinated reality to the exigencies of their sexual misbehavior Reading Sex in the Eighteenth Century Karen Harvey,2004 Publisher Description **Writing History** Michael Bliss,2011-09-20 One of Canada's best known and most honoured biographers turns to the raw material of his own life in *Writing History* A university professor prolific scholar public intellectual and frank critic of the world he has known Michael Bliss draws on extensive personal diaries to describe a life that has taken him from small town Ontario in the 1950s to international recognition for his books in Canadian and medical history His memoir ranges remarkably widely it encompasses social history family tragedy a critical insider's view of university life Canadian national politics and above all a rare glimpse into the craftsmanship that goes into the research and writing of history in our time Whether writing about pigs and millionaires the discovery of insulin sleazy Canadian politicians or the founders of modern medicine and brain surgery Michael Bliss is noted for the clarity of his prose the honesty of his opinions and the breadth of his literary interests **International Record of Medicine and General Practice Clinics** Frank Pierce Foster,1902 *The Witch of Lime Street* David Jaher,2016-10-11 History comes alive in this textured account of the rivalry between Harry Houdini and the so called Witch of Lime Street whose iconic lives intersected at a time when science was on the verge of embracing the paranormal The 1920s are famous as the golden age of jazz and glamour but it was also an era of fevered yearning for communion with the spirit world after the loss of tens of millions in the First World War and the Spanish flu epidemic A desperate search for reunion with dead loved ones precipitated a tidal wave of self proclaimed psychics and as reputable media sought stories on occult phenomena mediums became celebrities Against this backdrop in 1924 the pretty wife of a distinguished Boston surgeon came to embody the raging national debate over Spiritualism a movement devoted to communication with the dead Reporters dubbed her the blonde Witch of Lime Street but she was known to her followers simply as Margery Her most vocal advocate was none other than Sherlock Holmes creator Sir Arthur Conan Doyle who believed so thoroughly in Margery's powers that he urged her to

enter a controversial contest sponsored by Scientific American and offering a large cash prize to the first medium declared authentic by its impressive five man investigative committee Admired for both her exceptional charm and her dazzling effects Margery was the best hope for the psychic practice to be empirically verified Her supernatural gifts beguiled four of the judges There was only one left to convince the acclaimed escape artist Harry Houdini David Jaher s extraordinary debut culminates in the showdown between Houdini a relentless unmasker of charlatans and Margery the nation s most credible spirit medium *The Witch of Lime Street* the first book to capture their electric public rivalry and the competition that brought them into each other s orbit returns us to an oft mythologized era to deepen our understanding of its history all while igniting our imagination and engaging with the timeless question Is there life after death *Cultural History of Reading* Sara E. Quay, Gabrielle R. Watling, 2008-11-30 What is it about some books that makes them timeless *Cultural History of Reading* looks at books from their earliest beginnings through the present day in both the U S and regions all over the world Not only fiction and literature but religious works dictionaries scientific works and home guides such as Mrs Beeton s all have had an impact on not only their own time and place but continue to capture the attention of readers today Volume 1 examines the history of books in regions throughout the world identifying both literature and nonfiction that was influenced by cultural events of its time Volume 2 identifies books from the pre colonial era to the present day that have had lasting significance in the United States History students and book lovers alike will enjoy discovering the books that have impacted our world
