The Unmasking Style in Social Theory Peter Baehr, 2019-05-01 This book examines the nature of unmasking in social theory in revolutionary movements and in popular culture Unmasking is not the same as scientific refutation or principled disagreement When people unmask they claim to rip off a disguise revealing the true beneath the feigned The author distinguishes two basic types of unmasking The first aimed at persons or groups exposes hypocrisy and enmity and is a staple of revolutionary movements The second aimed at ideas exposes illusions and ideologies and is characteristic of radical social theory since the eighteenth century Enlightenment The Unmasking Style in Social Theory charts the intellectual origins of unmasking its shifting priorities and its specific techniques in social theory It also explores sociology's relationship to the concept of unmasking through an analysis of writers who embrace adapt or reshape its meaning Such sociologists include Vilfredo Pareto Karl Mannheim Raymond Aron Peter Berger Pierre Bourdieu Luc Boltanski and Christian Smith Finally taking conspiracy theories accusations of social phobia and new concepts such as micro aggression as examples of unmasking techniques the author shows how unmasking contributes to the polarization and bitterness of much public discussion Demonstrating how unmasking is baked into modern culture yet arguing that alternatives to it are still possible this book is in sum a compelling study of unmasking and its impact upon modern political life and social theory      **Discover Sociology**

Belonging Hyung Jin (Pablo) Kim Sun, 2025-02-18 Hyung Jin Kim Sun is a Mennonite. He was born in Paraguay and raised by a Korean immigrant family before attending an evangelical seminary in the United States. There he joined a Mennonite church, though he often returned from gatherings feeling uneasy. Most Mennonites he met were white with European heritage, and their faith community was often their ethnic community as well. As a Korean Paraguayan, Kim Sun felt that he would never be Mennonite enough. This crisis of religious identity prompted him to work towards an intercultural Mennonite church where all people could experience full belonging. *Building Mennonite Belonging* explores the interplay between ethnicity, culture, race, and faith in Canada and other multicultural societies. Using three Mennonite theologies: messianic, community, missional church, and shalom church, Kim Sun navigates the intersection of identity and belief to broaden the vision of Mennonite peoplehood. These theologies show that Mennonites aspire to engage with the world, dialogue with those from diverse backgrounds, seek peace, and strive for reconciliation. The materials to build an intercultural church can be found within existing Mennonite teachings and traditions. Though centred on Mennonites, Kim Sun's insights resonate with any faith community grappling with ethnocultural and racial diversity. Envisioning new possibilities for faith communities in the twenty-first century, *Building Mennonite Belonging* advocates for a church that reflects and responds to the diverse society it inhabits. Kim Sun's work is not only a call to action but a guide to fostering a more inclusive church and society.

**Discover Sociology** William J. Chambliss, Daina S. Eglitis, 2016-12-02 *Discover Sociology* explores sociology as a discipline of curious minds with the theoretical, conceptual, and empirical tools needed to understand, analyze, and even change the world. Organized around the four main themes of *The Sociological Imagination*: Power and Inequality, Technological Transformations of Society, and Globalization, every chapter in the book illuminates the social roots of diverse phenomena and institutions.

Judaism and Christianity in First-Century Rome Karl P. Donfried, Peter Richardson, 2003-12-22 Rome as the center of the first-century world was home to numerous ethnic groups, among which were both Jews and Christians. Michael White discusses what the archaeological epigraphic evidence reveals about the synagogue and society of Ostia. Graydon F. Snyder explores the theme of inculturation, looking closely at the level of interaction of Jews with non-Jews in Rome and of Christians with Roman culture. Leonard Victor Rutgers examines the inconsistent nature of Rome's legal policies toward the Jews. Rudolf Braendle and Ekkehard W. Stegemann detail the formation of the first Christian congregations already present. James S. Jeffers describes the family life of Jews and Christians in Rome. Carolyn Osiek discusses from an insightful and unique perspective the social character of Roman Christianity. James C. Walters considers the evolving relations between Christians and non-Christian Jews in Rome and how their interactions were affected by Roman intervention. William L. Lane traces the continuities and discontinuities in Roman Christianity in the period from Nero to
