

Plato's "The Allegory of the Cave"

"The unexamined life is not worth living." (Socrates)

In his story, Plato describes prisoners who have been chained in a cave since birth. They only see shadows of the real world. Plato focuses on a man who might escape the cave. He will go through 5 phases of knowledge (or learning) in the story. The first phase is in the cave.

DIRECTIONS: After you have read the story, mark the story into parts by the line numbers provided. Then, describe the phase the man goes through in each part.

1. Line numbers 1-29

The man is chained in the cave,
but he is comfortable with
knowing only shadows, which is
what he believes is the truth.

2. Line numbers 30 - 45

In the upper world, he gradually
understands reality as he gains
true knowledge of the world.

3. Line numbers 46 - 62

The cave dwellers still in the dark
think he is ridiculous, and it would be
better for them not to go out of the
cave at all.

4. Line numbers 63 - 76

When he goes into the world, he
experiences pain with sunlight & is
confused with the real world and what
makes shadows.

5. Line numbers 77 - 84

The man wants to share his
knowledge with his friends in the
cave because he doesn't want them
to live in ignorance.

6. What is the purpose of the telling this story since
85 - 88? (Hint: quote at the top of the page)

Information can't be taken at face value.

It's important to think about what we
see and then think about or examine it
for truth.
