

Dalits and Discourses of Anti-caste Movements in Kerala, India

K.S. Madhavan¹, Rajesh Komath²

Abstract

This article locates various historical discourses of anti-caste imaginaries and articulations that are imprinted in the historical past of Kerala society. Unravelling historical and social theoretical trends, it examines broadly an anti-caste imaginary articulating notions of equality and addressing various events, personnel interventions, policies and ideologies made discursive politics in Kerala. As ideologies and its consequent effects upon society are political, the article substantially makes comments and interprets the Dalit-Bahujan world grounded on the lived experiences of Dalits in Kerala. The article brings forth discourses of social movements, production of Dalit icons, critical narratives on untouchability and communist positions about caste. But, a new imagination, academic and aesthetical engagements of Dalit-Bahujans in the form of the production of Dalit art and literature informs new articulation of Dalit politics in Kerala.

Introduction

A particular socio-economic and cultural system in sub-continental India has developed a systemic social world of distinctive lives based on life activities and social division of labourers. These everyday social divisions in the historical past have been caste-based structural inequalities that led to the complex social formation process and emergence of multiple forms of political structure. This explicates that forms of power relations were conditioned by ranking social groups in a hierarchical order. The top of the ladder is always endowed with reverence and all the layers below have been placed according

discursive universe is unequivocally emblematic of the use of numerous problematic conceptual categories They are problematic in two significant ways with respect to this study One is of course the disjunction between their conceptual provenances and the sites of their contemporary usage and secondly their stereotypical character Apart from this vital problem is the sizeable quantum of literature produced on Indian Society especially its Muslim population and the pervasive influence of these writings in laying down the conditions for any new narrative Illiteracy backwardness underdevelopment social mobility and many such derived expressions have become the main academic thematic to describe Muslims and was

mostly the case while narrating the life of Muslims of Kerala also Therefore for analyzing the contemporary Indian society the method of governmentality has been employed and expositied in the context of contemporary educational discourses in Kerala society with special reference to Muslim population It addresses certain questions concerning the contemporary outcomes of colonial and postcolonial governmental practices Language, Identity and Contemporary Society Rajesh Kumar,Om Prakash,2018-11-30 This book explores the instrumentality of language in constructing identity in contemporary society The processes of globalization hyper mobility rapid urbanization and the increasing desire of local populations to be linked to the global community have created a pressing need to reconfigure identity in this new world order Following the digital revolution both traditional and new media are dissolving linguistic boundaries The centrality of language in organizing communities and groups cannot be overstated our social order is developed alongside our linguistic allegiance shared narratives collective memories and common social history Keeping in mind the fluidity of identity the book brings together fourteen chapters providing cultural and social perspectives The ideas reflected here draw on a range of disciplines such as psychology sociology anthropology cultural studies the politics of language and linguistic identity *Deleuzian and Guattarian Approaches to Contemporary Communication Cultures in India* Gopalan Ravindran,2020-03-02 This book sheds new light on Indian communication cultures and the critical philosophical trajectories of Gilles Deleuze and Felix Guattari It explores issues such as contemporary communication cultures in India nationalism subjectivities negotiating and protesting bodies music on social media children on reality television and the materialities of Indian films The book provides a balance between issues of communication from a philosophical perspective and issues of philosophy from a communication perspective in the Indian context This engaging examination of two modes of thought is an important resource for anyone interested in communication studies modern philosophy cultural and media studies Sociological Abstracts Leo P. The Future Conditional Eric S. Henry, 2021-05-15 In The Future Conditional Eric S Henry brings twelve years of expertise and research to offer a nuanced discussion of the globalization of the English language and the widespread effects it has had on Shenyang the capital and largest city of China's northeast Liaoning Province Adopting an ethnographic and linguistic perspective Henry considers the personal connotations that English has for Chinese people beyond its role in the education system Through research on how English is spoken taught and studied in China Henry considers what the language itself means to Chinese speakers How and why he asks has English become so deeply fascinating in contemporary China simultaneously existing as a source of desire and anxiety The answer he suggests is that English speaking Chinese consider themselves distinctly separate from those who do not speak the language the result of a cultural assumption that speaking English makes a person modern Seeing language as a study that goes beyond the classroom The Future Conditional assesses the emerging viewpoint that for many citizens speaking English in China has become a cultural need and more immediately a realization of one's future

Echoes in the Classroom: Colonial Shadows in India's Modern Education KHRITISH SWARGIARY, 2025-05-16 The roots of any education system lie deep within the soil of its history In India these roots are entangled with the legacies of colonial rule which have left behind not only administrative and linguistic frameworks but also epistemological frameworks that is ideas about what counts as knowledge how it is taught and to whom This book Echoes in the Classroom Colonial Shadows in India's Modern Education is an outcome of a long standing inquiry into how British colonialism continues to shape inform and sometimes distort the contours of education in postcolonial India As a student I often encountered a curriculum that seemed strangely distant from the world I inhabited both historically and culturally As a teacher and later as a researcher I began to see that this was not a matter of oversight but of design The colonial project after all aimed not merely to govern bodies but to govern minds Education was never neutral it was and continues to be a potent tool of social ordering control and stratification In writing this book I have drawn upon a diverse range of sources from historical records and education policy documents to contemporary interviews with teachers students activists and policy makers I have explored how English language dominance bureaucratic models of schooling colonial era hierarchies of knowledge and even the architecture of elite schools reflect a persistent colonial hangover But more importantly I have tried to trace how these legacies operate today in the age of digital learning artificial intelligence and globalized education platforms This work is not an attempt to romanticize pre colonial forms of knowledge nor is it a rejection of modernity or technological progress Rather it is a call to interrogate the

unexamined assumptions that underlie our systems of teaching and learning It is a call to ask difficult but necessary questions Why do we continue to valorize Western knowledge systems while marginalizing indigenous ones Why is English still the ticket to upward mobility in a country as linguistically rich as India Why do our school structures still reflect the logic of order discipline and hierarchy inherited from colonial rule I have organized this book in four parts The first traces the origins of British educational policy in India laying bare its ideological underpinnings The second examines the continuities that persisted after independence from Macaulay to NEP 2020 The third turns a critical eye toward the rise of EdTech and the algorithmic reproduction of inequality in digital classrooms The final section imagines possibilities for decolonizing education from curriculum to pedagogy from language to platform This book is written for a wide audience scholars educators students activists and anyone concerned with the future of education in India It is my hope that it provokes thought raises questions and perhaps opens space for transformation The colonial classroom has not yet been dismantled but through awareness critique and collective action we may yet reimagine it Khritish Swargiary 2025 Globalization Development and Social Justice Ann El Khoury, 2015-03-27 Are there existing alternatives to corporate globalization What are the prospects for and commonalities between communities and movements such as Occupy the World Social Forum and alternative economies Globalization Development and Social Justice advances the proposition that another globalization is not only possible but already exists It demonstrates that there are multiple pathways towards development with social justice and argues that enabling propositional agency rather than oppositional agency such as resistance is a more effective alternative to neoliberal globalization El Khoury develops a theory of infraglobalization that emphasizes creative constitution not just contestation of global and local processes The book features case studies and examples of diverse economic practice and innovative emergent political forms from the Global South and North These case studies are located in the informal social economy and community development as well as everyday practices from prefigurative politics to community cooperatives and participatory planning This book makes an important contribution to debates about the prospects for and practices of a transformative grassroots globalization and to critical debates about globalization and development strategies It will be of interest to students and scholars of international relations globalization social movement studies political and economic geography sociology anthropology and development studies **Social Movements in Contemporary India** Krishna Menon, Ranjana Subberwal, 2024-11-01 This book delves into the concept and definition of social movements from different perspectives with relevance to India It offers critical insight into the fundamental and ongoing debates and treatises around the struggle for rights and welfare The book covers discussions on a wide range of movements varying in locus and spatial spread from movements that highlight environmental issues to those that articulate the voices of women Dalits the queer community persons with disabilities and farmers It explores the origins of people s movements what a collective is and how communities mobilize and organize The authors also provide a history of the key social movements in India examining

the social political and cultural contexts in which they were born and continue being relevant in contemporary India This revised and updated edition is an essential volume for students and researchers of social movement studies sociology political science and history protest movements sociological theory the history of sociological thought contemporary social theory social policy and international and globalization studies **Keesing's Contemporary Archives**, 1959 **West Bengal under the Left** Rakshahari Chatterji, Partha Basu, 2019-06-26 This book makes a critical analysis of West Bengal's Left Front regime 1977-2011 and explores the causes of its collapse under three segments inquiry into issues of political management evaluation of various policy initiatives and examination of development in civil society Please note Taylor Francis does not sell or distribute the Hardback in South Asia **Knowledge Systems of Societies for Adaptation and Mitigation of Impacts of Climate Change** Sunil Nautiyal, K.S. Naxalism in Karnataka and glimpses of other complicated legacies of the 1970s Left the book explores a dizzyingly wide sweep of Karnataka's contemporary history seeking above all to forge new connections and begin fresh conversations. Marshalling a diverse range of literary and scholarly resources framed through biographical sketches and immersive reportage Srikar Raghavan's genre bending work of narrative non fiction reanimates some pivotal moments in the making of modern Karnataka. The result is a sizzling dish of ideas rescued from the deep freeze of historical amnesia.

The Top Books of the Year Population Governance Discourses Education And Contemporary Kerala Society The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have enthralled audiences this year. Population Governance Discourses Education And Contemporary Kerala Society : Colleen Hoover's "It Ends with Us" This touching tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
