

ACKNOWLEDGEMENT

Working in the Center for Composite Material was interesting. During these six months of internship, I learnt a lot on composite science, especially on composite manufacturing processes like RTM or VARTM.

I have to thank Dr Aurimas Dominauskas for advising me during this project.

Therefore, I am grateful to the people in the CCM for the chance to make this experiment. I especially want to thank Professor Suresh Advani and Docteur Gilles Ausias for giving me the possibility to attend the Center for Composite Materials.

Further on, I want to thank the students and interns in the CCM who made this demanding time joyful but always efficient.
