### Crazy Twisters!

Most people would agree that a tornado doesn't need any special ingredients to cause massive amounts of destruction. After all, even an EF-0, the weakest category of tornado on the Enhanced Fujita Scale, can do a lot of damage. However, many tornadoes go the extra mile, appearing in places where you least expect them. For example, a tornado once hit a small town in the middle of the desert.

Sun, sand, water, waves...there's nothing quite like a trip to the beach. Occasionally, however, the fun and relaxation are interrupted by every ocean swimmer's worst nightmare – a shark attack! While you or your family may be surprised by a shark attack, for some people, it's a regular occurrence. In fact, about 100 shark attacks occur each year in the United States.

### Shark Attack!

When the weather turns cold, most people going on vacation choose to travel to warm places where they can temporarily escape the winter chill. Beach resort or island cruise, anyone? However, if you can't get enough of the snow and ice, perhaps you'd rather spend your winter vacation in the most wintry way possible – in an ice hotel!

An ice hotel is just what it sounds like: it's a hotel made entirely from snow and ice. Most commonly, it's built using a snow-ice mixture called snice, which is stronger and insulates better than snow or ice by itself. Most ice hotels are constructed using a steel frame, which is then filled in with the snice. When the steel frame is taken off, only a thick, sturdy, ice-walled building remains. Some ice hotels are structured like traditional hotels, while others offer guests the chance to stay in the over individual igloos. Regardless of style, all ice hotels depend for their existence on the temperature staying below freezing for the entire winter; consequently, there are only about 20 ice hotels in the world, and they are only found in places like Alaska, Canada, Sweden, Finland, Norway, and high elevations.

Walls aren't the only part of an ice hotel made from ice. Frozen food provides the building material for each chair, couch, table, desk, shelf, and light fixture inside the building as well. (Chairs and couches are covered with animal fur to make them comfortable for sitting.) Many ice hotels even offer amenities such as ice restaurants, bars, churches, and meeting rooms – all carved from solid ice, of course. Even small details like the cups in the ice restaurant are made of small chunks of ice if it can be made from ice, it probably is.

Yes – even the beds in an ice hotel are made of ice. While it might seem like a fun and unique experience, it's not for everyone. Some people might think, however, that staying in an ice hotel is a once-in-a-lifetime experience.

**Designing Instruction** Judith K. March, Karen H. Peters, 2007-10-08 A fresh new approach that strengthens the need for teaching with creative thinking strategies for administrative leadership teams. Few textbooks have such detailed examples combined with the background study of best practices. The authors have great credibility, experience, resources, and abundant research to support their proposal. A very well written text offering ample review of the research. Sara E. Spruce, Professor of Education, Olivet Nazarene University. Use this research-based instructional model to meet students' achievement goals. As the achievement gap between advantaged and disadvantaged students gets wider, teachers and administrators need a proven process to help all students meet the requirements of NCLB. This practitioner-friendly guidebook provides a step-by-step approach to a complete standards-based curriculum and the integration of best practices into the delivery and assessment of instruction in every classroom. The authors present three capacity-building features of the design process: 1. training for building leadership teams to help teachers plan and lead the reform process; 2. stewardship training to assist district administrators and principals in supporting and sustaining the implemented reforms; and 3. a collaborative observation process to help teachers work together and in partnership with principals to monitor and improve classroom instruction. Offering an education model that has been field-tested with more than 50 school districts in the U.S. and Canada, this book shows school leaders how to maximize collaborative observation and other team leadership processes to integrate reforms into a school's existing culture. Educators will learn ways to: Integrate instructional design with successful instructional reform; Strengthen the learning culture through standards; Develop effective performance indicators; Apply curriculum mapping to instructional design. **Designing Instruction** supports teachers and administrators working together to raise student achievement by using proven instructional design and best practices.
