Part A: Completion

Fill in the blanks with the correct word or phrase. Write your answers in the spaces provided.

The nervous system is composed of the brain, spinal cord, and peripheral nerves. The brain is the central control center for the body. The spinal cord is the main communication pathway between the brain and the rest of the body. The peripheral nerves are the branches of the nervous system that carry messages between the brain, spinal cord, and the rest of the body.

The nervous system is divided into the central nervous system (CNS) and the peripheral nervous system (PNS). The CNS is made up of the brain and spinal cord. The PNS is made up of all the other nerves in the body. The PNS is further divided into the somatic nervous system, which controls voluntary movements, and the autonomic nervous system, which controls involuntary functions.
