We Find Ourselves Put to the Test James Crooks, 2018-05-07 Does the world we inhabit offer us hospitality or indifference This question is central to the spiritual literature of all cultures In We Find Ourselves Put to the Test James Crooks returns to the Bible's book of Job to explore the enduring relevance of that question and its philosophical dimensions Beginning with the puzzle of Job's famous stoicism and nihilism in the face of loss Crooks explores the contradictions of suffering as dramatized in the dialogue between Job and his friends How is it that the friends attempt to comfort Job with a rational explanation of his misfortune devolves seamlessly into victim blaming How is it that Job's own renunciation of life at the nadir of his pain converts into an intellectual patience that outlasts the advocates of rational explanation We Find Ourselves Put to the Test gives a portrait of the suffering protagonist looking into the heart of a creation that is by necessity both indifferent and hospitable A philosophical exploration of one of the most enigmatic books in the Bible We Find Ourselves Put to the Test goes beyond critical interpretation and suggests a way of reading the book of Job that is animated by a consideration of the reader's narratives and communities and the limits of his or her own understanding

The Feminine Principle in the Sikh Vision of the Transcendent Nikky-Guninder Kaur Singh, 1993-09-24 This work is a critical analysis of Sikh literature from a feminist perspective It begins with Guru Nanak's vision of Transcendent Reality and concludes with the mystical journey of Rani Raj Kaur the heroine of a modern Punjabi epic The eight chapters of the book approach the Sikh vision of the Transcendent from historical scriptural symbolic mythological romantic existential ethical and mystical perspectives Each of these discloses the centrality of the woman and show convincingly that Sikh Gurus and poets did not want the feminine principle to serve merely as a figure of speech or literary device it was intended rather to pervade the whole life of the Sikhs The present work bolsters the claim that literary symbols should be translated into social and political realities and in so doing puts a valuable feminist interpretation on a religious tradition which has remained relatively unexplored in scholarly literature

L. Parr,2023-11-29 This book brings together two important fields in the study of international politics and policy climate change adaptation and mitigation climate action and the Responsibility to Protect R2P Both have attracted strong scholarly attention in each of their respective research silos but there is yet to be a strong research push that explores the relationship between the two Filling this gap Ben L Parr argues that the climate action and the R2P agendas share a common goal to protect vulnerable human populations from large scale harm To substantiate this argument Parr reveals where the historical conceptual and operational parallels exist between the two agendas and where and when researchers and practitioners from both camps might work together in practice to achieve their common goal in the challenging years ahead Notably the book builds on recent efforts by Western governments in the UK US and EU to integrate climate action policies into conflict prevention and response policies To achieve this the volume situates a variety of climate action policies alongside the 46 policy options found in the R2P operational framework commonly known as the R2P toolbox across its prevention reaction and rebuilding phases *Climate Change Action and the Responsibility to Protect* will be of significant interest to policy orientated students and scholars those working at the academic policy interface in the NGO community as well as those working in government and international organisations *A Consuming Fire* John K.
