

SEL MTFL Study Guide

What is a scaffolded instruction?

- Carefully scaffolded instructions designed to make content accessible to English learners in content area instruction
 - It includes carefully analyzing the language demands of the lesson (word, phrase, sentence, and discourse level) and designing language objectives that will help the students acquire academic proficiency
 - Vocabulary development, reading comprehension, writing development
 - The main goal of SEL instruction is to develop **academic language proficiency** in English to achieve grade-level academic learning standards
- SEL emphasizes differentiating content area instruction to address various student needs
 - Instruction must be adjusted to accommodate a student's English Language Development (ELD)

Academic language is the language that students need to succeed in school.

The features of academic language:

- **Word/Phrase Level**
 - Tier I words
 - Basic or social communication
 - Ex. days of the week, months, colors, seasons, foods
 - Tier II vocabulary
 - High frequency, multi-meaning words (polysemous and multi-meaning words that are known context-free)
 - General academic words
 - Ex. Measure, point, save, hundred, thousand
 - Tier III content
 - Low frequency
 - History or Science words
- **Sentence Level**
 - Syntax, fluency, morphology, pronunciation
 - The most important consideration for developing a language objective is to support the content of the lesson
- **Discourse Level**
 - The linguistic context
 - Provides the use of academic words and subjecting words
 - The tone and clarity of the writing or speech
 - Understanding the "big picture"
- **Socio-cultural Context**
 - The interaction between the student and environment, the topic, the genre
