[Cultural Reflections](#) John Gaughan, 1997 *Cultural Reflections* takes the best from a writing process approach and adds a social dimension demonstrating how to make cultural criticism the driving force in the high school English curriculum Students carry different baggage than we did when we were in school what engaged students thirty years ago does not engage them today *Cultural Reflections* acknowledges those differences and addresses them in ways that make sense to teachers and keep students interested Gaughan's work is that of a master teacher continually

developing his craft drawing insight from his students and featuring them in his accounts From him readers will learn about the importance of names and naming not only for their students but also for themselves They will learn new ways to think about language and the racist sexist and political assumptions that sometimes underlie the words we use And they will see how teaching thematically removes the curricular constraints imposed by chronological approaches to literature The book will help broaden teachers notions of what constitutes legitimate texts to include not only young adult and contemporary multicultural texts but audio and video texts as well Preservice and inservice English teachers will find in Cultural Reflections a compelling vision for rethinking what English is or can be Tom Romano writes in the foreword After reading it you might revise your teaching You might take charge in a new way *How to Teach Students Who Don't Look Like You* Bonnie M.  of its benefits and limitations Each chapter also includes ideas for classroom practices and activities Using stories from his
 own English classes from alternative programs to advance placement and everything in between Tim provides a wealth of
 specific classroom tested suggestions for discussion essay and research paper topics recommended texts exam questions and

more The accompanying CD offers abbreviated overviews of each theory designed to be used as classroom handouts examples of student work collections of quotes to stimulate discussion and writing an extended history of women writers and much more Ultimately Doing Literary Criticism offers teachers a rich set of materials and tools to help their students become more confident and able readers writers and critical thinkers On Being and Having a Case Manager Jeffrey Longhofer,Paul M. Kubek,Jerry Floersch,2010-04-05 On Being and Having a Case Manager stresses the importance of the process of building relationships in helping clients realize independent lives Based on a two year study of Marilyn and her case managers this book emphasizes the intentional exchange of attention and information between case managers clients and others within the caring network and clearly outlines a practical method for all service providers clients family members and close friends to follow Throughout the day from moment to moment relationships fluctuate among doing for doing with standing by for support and doing for oneself By observing Marilyn and her case manager the authors prove the value of mutually and continuously monitoring these fluctuations within three primary domains feeling thinking and acting while carrying out daily activities These findings show that managers are often stuck in doing for modes of relating Indeed this may be one of the factors that contribute most to case manager and client burnout While some clients with severe and persistent symptoms may in fact frequently require others to do for some like Marilyn may not require as much They may need more doing with and standing by to encourage mastery and the internalization of confidence **Annual Report - National Endowment for the Humanities** National Endowment for the Humanities,1987 Includes appendices
