9781032516554 **How the Brain Makes Decisions** Thomas Boraud, 2020-10-08 What if our ability to make decisions was more a matter of chance than a rational process It has long been recognized that the mind decides the body obeys However as the author of this book argues in reality it might just be the opposite The decision making process is produced by cerebral matter It is a random phenomenon that results from competing processes within a network whose architecture has changed little since the first vertebrates This book presents a bottom up approach to understanding decision making starting from the fundamental question what are the basic properties that a neural network of decision making needs to possess Combining data drawn from phylogeny and physiology the book provides a general framework for the neurobiology of decision making in vertebrates and explains how it evolved from the lamprey to the apes It also looks at the consequences of such a framework how it impacts our capacity for reasoning and considers some aspects of the pathophysiology of higher brain functions It ends with an open discussion of more philosophical concepts such as the nature of Free will Written in a lively and accessible style the book presents an exciting perspective on understanding decision making *Catalog of Copyright Entries* Library of Congress. Feminist Linguistics in Literary Criticism Katie Wales, 1994 **Secularism, Decolonisation, and the Cold War in South and Southeast Asia** Clemens Six, 2017-07-20 The intensifying conflicts between religious communities in contemporary South and Southeast Asia signify the importance of gaining a clearer understanding of how societies have historically organised and mastered their religious diversity Based on extensive archival

research in Asia Europe and the United States this book suggests a new approach to interpreting and explaining secularism not as a Western concept but as a distinct form of practice in 20th century global history In six case studies on the contemporary history of India Indonesia Malaysia and Singapore it analyses secularism as a project to create a high degree of distance between the state and religion during the era of decolonisation and the emerging Cold War between 1945 and 1970 To demonstrate the interplay between local and transnational dynamics the case studies look at patterns of urban planning the struggle against religious nationalism conflicts around religious education and anti communism as a dispute over secularism and social reform The book emphasises in particular the role of non state actors as key supporters of secular statehood a role that has thus far not received sufficient attention A novel approach to studying secularism in Asia the book discusses the different ways that global transformations such as decolonisation and the Cold War interacted with local relations to reshape and relocate religion in society It will be of interest to scholars of Religious Studies International Relations and Politics Studies of Empire Cold War Studies Subaltern Studies Modern Asian History and South and Southeast Asian Studies

Thomas Hardy Thomas Hardy, 1992 Included in this edition are ten stories varying in length from sketch to novella which were never collected into volumes during Hardy's lifetime Some contained references to actual people or plot elements that he reused elsewhere others such as his only stories for children were simply too different from his other work in the short story form the longest *An Indiscretion in the Life of an Heiress* was apparently left uncollected to allow for a possible reconstruction of the lost novel *The Poor Man and the Lady* from which it was drawn The three final stories resulted from literary collaborations which were also emotional involvements with Florence Henniker in *The Spectre of the Real* and with Florence Dugdale later the second Mrs Hardy in *Blue Jimmy The Horse Stealer* and *The Unconquerable* now published for the first time Although all of these stories occupy significant positions within Hardy's career as a writer of fiction extending that career indeed both earlier and later than the standard account would allow none of them has previously received serious editorial treatment For the most part they have also been ignored or lightly passed over by critics and biographers and such discussion as they have aroused has frequently been based on false assumptions This edition remedies some of these deficiencies in Hardy scholarship both in its historical introductions and in its critically edited texts which are based on full collations of all editions published before Hardy's death and all surviving manuscripts typescripts and proofs many of which have gone almost entirely unexamined in the past Complete lists of the variants in these pre publication witnesses and in all authorially authorized printings supplement the edited texts

C. L. R. James Aldon Lynn Nielsen, 2010-12 This study of C L R James's writings is the first to look at them as literature and not as theory This sustained analysis of his major published works places them in the context of his less well known writings and

offers an encompassing critique of one of the African diaspora's most significant thinkers and writers. Here the author of *Black Jacobins: World Revolution A History of Pan African Revolt Beyond a Boundary* and the lyric novel *Minty Alley* is seen not only as among the great political philosophers but also as the literary artist that he remained from his first writings in his native Trinidad through his underground years in America to his final essays and speeches in London. The writings of James have inspired revolutionaries on three continents. They have altered the course of historiography shown that way toward independent black political struggles and established a base for much of today's study of culture. This study evaluates them as powerful works of literature.

The Power of Words Graham D. Caie, Carole Hough, Irené Wotherspoon, 2006. This volume comprises essays in lexicography, lexicology and semantics by leading international experts in these fields. The contributions cover Old Middle and Present Day English and Scots and specific subjects include medical vocabulary, colour, lexemes and semantic and pragmatic meaning in terms for politeness, money and humour. In the area of Old English studies there are articles on kinship terminology and colour lexemes and in Middle English a semantic and syntactic study of the overlapping of the verbs *dreden* and *douten*. Many of the essays make use of the Historical Thesaurus of English project at the University of Glasgow and pay tribute to its Director Professor Christian Kay, e.g. one article demonstrates how the HTE, a project which is at the interface between historical semantics and lexicography, may present a rich resource for information about the lexicalization of concepts within our culture such as changing social attitudes in the area of will, consent and coercion. Other resources such as *The Linguistic Atlas of Early Middle English* and the *Oxford English Dictionary* provide a rich source for information on historical lexicography, semantics and editing. A number of essays concern the Scots language such as an analysis of evaluative terms in modern Scots speech and writing, the rich potential of rhyme in Scots and the role of lexicon in the fronting in Glaswegian.

[Beyond Minimalism](#) Enoch Brater, 1990-12-27. *Beyond Minimalism* explores Beckett's drama of the 70s and 80s, examining the ways in which play text and performance merge through the playwright's poetic idiom. Beginning with *Not I* and continuing through *Catastrophe* and *What Where*, Brater examines the plays not only as texts but also as theater pieces. Discussing the technical and aesthetic demands that productions like *Footfalls* and *Rockaby* make on actor, director and spectator, Brater clarifies the essential relationship between Beckett's achievement in the context of the breakdown of genre, performance, poetry and the electronic intrusion of the recorded voice as a new theatrical convention. In the course of his analysis, Brater demonstrates how Beckett

s late style in the theater both continues and clarifies the dramatic lyricism that is the hallmark of earlier works such as *Endgame* and *Waiting for Godot*
