Saving The Army The Life Of Sir John Pringle:

Saving the Army Morrice McCrae, 2014 Morrice McCrae's biography of Sir John Pringle looks at his work in the mid 1700s as the most distinguished physician in London while in the army he was responsible for major reforms in military hospitals reducing significantly the numbers of deaths from disease **"Some System of the Nature Here Proposed"** Stephen C. Craig, 2015 A regimental surgeon promoted to hospital director in the War of 1812 Joseph Lovell MD became the first Army staff level surgeon general This volume in Borden's history of medicine series is an in depth analysis of how Lovell's report on Army medicine just after the war gave rise to innovations from focus on the soldier's welfare and preventive medicine to accurate epidemiology and experimental research that formed the organizational and functional principles of today's professional and effective Medical Department Provided by publisher **To Risk It All** Michael McConnell, 2020-10-20 General John Forbes's campaign against Fort Duquesne was the largest over land expedition during the Seven Years War in America While most histories of the time period include the Forbes Campaign as an aside McConnell documents how and why Forbes and his army succeeded and what his success meant to the subsequent history of the mid Atlantic colonies native inhabitants of the Ohio Country and the empire he represented A close look at the Forbes Campaign and its personnel reveals much about both British relations with native peoples and the nature of Britain's American empire during a time of stress Unlike other campaigns this one was composed largely of colonial not professional British troops In addition individual colonies negotiated their role in the campaign and frequently placed their own local interests ahead of those of the empire as a whole The campaign thus suggests the limits of imperial power and how Britain's hold over its American frontiers was at best tenuous and helped lead to an eventual break down of empire in the 1760s and 1770s

Europe's Welfare Traditions Since 1500, Volume 2 Thomas McStay Adams, 2023-01-26 Tracing the interwoven traditions of modern welfare states in Europe over five centuries Thomas McStay Adams explores social welfare from Portugal France and Italy to Britain Belgium and Germany He shows that the provision of assistance to those in need has faced recognizably similar challenges from the 16th century through to the present how to allocate aid equitably and with dignity how to give support without undermining autonomy and motivation and how to balance private and public spheres of action and responsibility Across two authoritative volumes Adams reveals how social welfare administrators critics and improvers have engaged in a constant exchange of models and experience locally and across Europe The narrative begins with the founding of the Casa da Misericordia of Lisbon in 1498 a model replicated throughout Portugal and its empire and ends with the relaunch of a social agenda for the European Union at the meeting of the Council of Europe in Lisbon in 2000 Volume 1 which focuses on the period from 1500 to 1700 discusses the concepts of welfare and tradition It looks at how 16th century humanists joined with merchants and lawyers to renew traditional charity in distinctly modern forms and how the discipline of religious reform affected the exercise of political authority and the promotion of economic productivity Volume 2

examines 18th century bienfaisance which secularized a Christian humanist notion of beneficence producing new and sharply contested assertions of social citizenship It goes on to consider how national struggles to establish comprehensive welfare states since the second half of the 19th century built on the power of the vote as politicians pushed by activists and advised by experts appealed to a growing class of industrial workers Lastly it looks at how 20th century welfare states addressed aspirations for social citizenship while the institutional framework for European economic cooperation came to fruition
