Sex And Loathing In Hollywood:

Hollywood's Second Sex Aubrey Malone, 2015-04-07 Women stars in Hollywood were invariably in two categories said director Otto Preminger One group was of women who were exploited by men and the other much smaller group was of women who survived by acting like men Beginning with silent film vamp Theda Bara and continuing with icons like Greta Garbo Marilyn Monroe and Raquel Welch this study of film industry misogyny describes how female stars were maltreated by a sexist studio system until women like Katharine Hepburn and Bette Davis fought for parity The careers of Doris Day Brigitte Bardot Carole Landis Frances Farmer Dorothy Dandridge Inger Stevens and many others are examined along with more recent actresses like Demi Moore and Sharon Stone Women who worked behind the scenes writing screenplays producing and directing without due credit are also covered *Hollywood Sex Comedies, 1953-1964* Hal

Erickson, 2024-06-27 The Hollywood sex comedy a feature length film in which sex motivates the storyline and the laughs are triggered by sexual situations came into its own with the 1953 release of the once controversial *The Moon Is Blue* That film received very positive critical and audience response despite being denied a seal of approval from the Production Code Administration and receiving a Condemned rating from the Legion of Decency These two formidable watchdog agencies would continue to be challenged and audiences would continue to be convulsed by the abundance of sex comedies still to come The present informal survey focuses on 25 selected examples of the genre released between 1953 and 1964 Along with such familiar works as *The Seven Year Itch* *The Tender Trap* *Pillow Talk* and *Kiss Me Stupid* several lesser known sex comedies like *I Married a Woman* *The Tunnel of Love* *Happy Anniversary* and *Period of Adjustment* are documented analyzed and placed in context with their times Some are masterpieces others mildly amusing and a few downright awful but all are fascinating artifacts of a bygone era in popular entertainment **Film Music in the Sound Era** Jonathan Rhodes

Lee, 2020-03-10 *Film Music in the Sound Era* A Research and Information Guide offers a comprehensive bibliography of scholarship on music in sound film 1927-2017 Thematically organized sections cover historical studies studies of musicians and filmmakers genre studies theory and aesthetics and other key aspects of film music studies Broad coverage of works from around the globe paired with robust indexes and thorough cross referencing make this research guide an invaluable tool for all scholars and students investigating the intersection of music and film This guide is published in two volumes Volume 1 *Histories Theories and Genres* covers overviews historical surveys theory and criticism studies of film genres and case studies of individual films Volume 2 *People Cultures and Contexts* covers individual people social and cultural studies studies of musical genre pedagogy and the industry A complete index is included in each volume **Movies and Methods**

Bill Nichols, 1985-09-06 *The original Movies and Methods* volume 1976 captured the dynamic evolution of film theory and criticism into an important new discipline incorporating methods from structuralism semiotics and feminist thought Now there is again ferment in the field *Movies and Methods* Volume II captures the developments that have given history and

genre studies imaginative new models and indicates how feminist structuralist and psychoanalytic approaches to film have achieved fresh valuable insights In his thoughtful introduction Nichols provides a context for the paradoxes that confront film studies today He shows how shared methods and approaches continue to stimulate much of the best writing about film points to common problems most critics and theorists have tried to resolve and describes the internal contradictions that have restricted the usefulness of post structuralism Mini introductions place each essay in a larger context and suggest its linkages with other essays in the volume A great variety of approaches and methods characterize film writing today and the final part conveys their diversity from statistical style analysis to phenomenology and from gay criticisms to neoformalism This concluding part also shows how the rigorous use of a broad range of approaches has helped remove post structuralist criticism from its position of dominance through most of the seventies and early eighties The writings collected in this volume exhibit not only a strong sense of personal engagement but also a persistent awareness of the social importance of the cinema in our culture Movies and Methods Volume II will prove as invaluable to the serious student of cinema as its predecessor it will be an essential reference work for years to come

Anselmo,2023-02-07 A Queer Way of Feeling gathers an unexplored archive of fan made scrapbooks letters diaries and photographs to explore how girls coming of age in the United States in the 1910s used cinema to forge a foundational language of female nonconformity intimacy and kinship Pasting cross dressed photos into personal scrapbooks and making love to movie actresses in epistolary writing girl fans from all walks of life stitched together established homoerotic conventions with an emergent syntax of film stardom to make sense of feeling queer or different from the norm These material testimonies show how a forgotten audience engendered terminologies communities and creative practices that became cornerstones of media fan reception and queer belonging **Overcoming Sexual Terrorism** Jake Goldenflame,2006 WHY CASTRATION WON T WORK Many times you will hear people say Why don t we just castrate all the sex offenders That will do the job But in fact it won t for some very simple reasons First long term studies have already shown that in spite of all the media hype most convicted sex offenders up to 75% of them do not re offend Hanson 1999 To castrate them is a waste of time Secondly most children are not molested by them Most children are molested by someone they know and trust like a friendly neighbor down the street or a school teacher volunteer in some youth group or at the church Often unfortunately by a relative in the family be that an older brother cousin an inlaw or step parent Because none of them have been caught we don t call them sex offenders and as a result castrating all the sex offenders won t get them They will still be left just as free as before There is a better answer Records now show that when convicted sex offenders are given exactly the kind of treatment and counseling in that is described in this book re offense rates are cut by 60% Alexander 1999 It is not terribly complicated It isn t just a lot of theories It is just simple blunt honesty making men face the reality of what they are doing and how it is also wrecking their own lives then training them in the steps it takes to stop doing so That is what does it right there Here is the book that tells it all In ten chapters I relate how it happened that I became a child molester and got over it That was almost 20 years ago now and I remain re offense free with no further convictions or arrests The lessons from it that you can use to protect your children are given at the end of each chapter If you follow them your child will be safer than ever before Steps that sex offenders can take to earn their way back into the community and a prescription for the healing of America conclude the work The readers resources section includes a listing of further books journals websites referral agencies and self recovery organizations that may also be of use to those who want more information Fully indexed the book will be a useful guide in all future child sex abuse trials If you have any questions write me at jake goldenflame gmail com **Frontiers** ,2004 A journal of women studies **What Price**

Hollywood? Elyce Rae Helford, 2020-06-23 During the early Hollywood sound era studio director George Cukor produced nearly fifty films in as many years famously winning the Best Director Oscar at the 1964 Academy Awards for *My Fair Lady*. His collaborations with so called difficult actresses such as Katharine Hepburn, Judy Garland and Marilyn Monroe unsettled producers even as his ticket sales lined their pockets. Fired from *Gone with the Wind* for giving Vivien Leigh more screen time than Clark Gable, Cukor quickly earned a double sided reputation as a woman's director. While the label celebrated his ability to help actresses deliver their best performances, the epithet also branded the gay director as suitable only for work on female centered movies such as melodramas and romantic comedies. Desperate for success after a failed drag film nearly ended his career, Cukor swore to work within Hollywood's constraints. Nevertheless, What Price Hollywood Gender and Sex in the Films of George Cukor finds that Cukor continued to explore gender and sexuality on screen. Drawing on a broad array of theoretical lenses, Elyce Rae Helford examines how Cukor's award winning films, titles including *My Fair Lady* and *The Philadelphia Story* as well as his lesser known films engage Hollywood masculinity and gender performativity through camp, drag and mixed genres. Blending biography with critical analysis of more than twenty five films, What Price Hollywood tells the story of a once in a generation director who produced some of the best films in history.

LGBT Studies and Queer Theory Karen Lovaas, 2013-05-13 Find out how the tension between LGBT studies and queer theory exists in the classroom, politics, communities and relationships. *LGBT Studies and Queer Theory: New Conflicts, Collaborations and Contested Terrain* examines the similarities and differences between LGBT studies and queer theory and the uneasy relationship between the two in the academic world. This unique book meets the challenge that queer theory presents to the study and politics of gay and lesbian studies with a collection of essays from leading academics who represent a variety of disciplines. These original pieces place queer theory in social and historical contexts, exploring the implications for social psychology, religious studies, communications, sociology, philosophy, film studies and women's studies. The book's contributors address queer theory's connections to a wide range of issues including the development of capitalism, the evolution of the gay and lesbian movement and the study of bisexuality and gender. Many scholars working in gay and lesbian studies still question the intellectual and political value of queer theory. As a result, queer theory has often been concentrated in the humanities while gay and lesbian studies are concentrated in the social sciences and history. But this has begun to change in the past 10-15 years as documented by the 12 essays presented in *LGBT Studies and Queer Theory: New Conflicts, Collaborations and Contested Terrain*. *LGBT Studies and Queer Theory: New Conflicts, Collaborations and Contested Terrain* includes historical notes on LGBT studies and queer theory, some continuing tensions between LGBT studies and queer theory, doubts about whether queer theory can lead to social change, an analysis of the current state of proto-fields of LGBT studies and queer studies, in religion, concerns that queer theory's erasure of identity feeds into late capitalism, an analysis of variability in social psychologists' studies of anti-homosexual prejudice, an exploration of the commodification of queer identities, in independent

cinema how and why the category of bisexuality has been marginalized a historical review and assessment of recent bisexual theory a case study of Provincetown Massachusetts an investigation of the interarticulation of race ethnicity and gender a case study of the struggle to introduce LGBT studies in the curriculum at West Chester University and much more LGBT Studies and Queer Theory New Conflicts Collaborations and Contested Terrain is an essential read for researchers academics and practitioners involved in exploring multifaceted aspects of LGBT Studies and Queer Theory and their points of convergence and divergence
