And it's even scarier if you've never been behind the wheel. Because as excited as you may be to start driving on your own, you only get a few tries to pass the written test before you're forced to begin the whole application process all over again. And missing just one question is enough to invalidate your entire driver's license application. But there's a simple and easy way to save yourself the embarrassment of failing your driver's license test. With the right study guide, you'll be prepared for every question you come across on the test so you can pass with flying colors.
