*Village Medical Manual: A Layman's Guide to Health Care in Developing Countries* Mary Vanderkooi,2000 **A First Time Parent's Survival Guide** Clifford Dale James,2015-10-13

Why don't babies come with a how to manual? Wouldn't it be nice to have a pediatrician there with you so you could remember what was said in those well visits and to ask simple questions to? Finally a parenting book that is organized around your baby's well visits isn't written like a text book and meant to calm you down rather than scare you about all the very rare possibilities. Dr. Cliff James is a board certified Pediatrician in private practice for the last 15 years. His goal was to write a book that could both inform and entertain a new parent. With the help of his own baby Kaden you get a look at parenting from a pediatrician point of view as well as the mind of a baby/toddler/evil genius. This book covers: Choosing a pediatrician, Feeding your baby, Pee Poop Puke and Snot, Vaccines, What happens in the hospital, Chapters for each well visit, Developmental milestones, Illnesses, Injuries. This book is designed to bring a little lightheartedness to parenthood with cartoons, jokes, and plenty of Dr. James' own disaster stories as a parent. To often we as pediatricians and parents spend too much time emphasizing how much work it is to be a parent and lose sight of the fact children are hilarious and a great source of joy.
