1- Définition :

La synthèse de document est un exercice scolaire qui consiste à sélectionner les informations et les idées contenues dans différents documents, de les comparer, de les reformuler en les structurant selon un plan de rédaction. Les documents de la synthèse sont généralement appelés « dossier de synthèse » qui est composé au minimum de deux documents et au maximum de douze. La restitution des idées doit se faire objectivement, il ne faut jamais utiliser ses propres connaissances et porter des jugements personnels ou se référer à d'autres textes.
