Key selling features: Documents and thoroughly references the history of contrast agent development. Reviews the priority and importance of patents. Discusses the role that important individual scientists and leading research institutions have played in technology development and implementation.

Handbook of Research on Emerging Trends and Technologies in Librarianship Ekoja, Innocent Isa, Ogbomo, Esoswo Francisca, Okuonghae, Omorodion, 2022-01-07. A fundamental dynamism of the library is its continuous adoption of trending technologies and innovations for enhanced service delivery. To meet the needs of library users in the Fourth Industrial Revolution, an era characterized by digital revolution, knowledge economy, globalization and information explosion, libraries have embraced innovations and novel technologies such as artificial intelligence, blockchain, social media tools and the internet of things (IoT). The Handbook of Research on Emerging Trends and Technologies in Librarianship documents current research findings and theoretical studies focused on innovations and technologies used in contemporary libraries. This book provides relevant models, theoretical frameworks, the latest empirical research findings and sound theoretical research regarding the use of novel technologies in libraries. Covering topics such as digital competitive advantage, smart governance and social media, this book is an excellent resource for librarians, archivists, library associations and committees, researchers, academicians, students, faculty of higher education, computer scientists, programmers and professionals.

Librarians of Babel Paola de Castro, 2009-01-30. A librarian's main task is to acquire, organize, process, retrieve and disseminate information to all possible users, but also to communicate and develop professional skills in this field. This collection offers an introduction to the different challenges that librarians and information specialists are called upon to carry out in order to achieve effective communication through different media. The main elements of professional writing, conference or workshop organization, power point presentations are outlined. Concise introduction to professional writing and conference organization. Easily understood even without background information. Based on practical experience rather than on theories.

How to Write, Publish, and Present in the Health Sciences Thomas Allen Lang, 2010. From the acclaimed author of the standard reference on reporting statistics in medicine, this new resource explains how to create effective scientific articles, research proposals, abstracts, posters and slide presentations. It describes how to write efficiently and how to prepare tables, charts, graphs, illustrations and images for publication. A wealth of key concepts, practical information, common mistakes and helpful tips make this book invaluable.

The Broadview Guide to Writing: A Handbook for Students - Sixth Edition Corey Frost, Karen Weingarten, Doug Babington, Don LePan, Maureen Okun, 2017-05-30. Even the most useful reference guides are not always well shall we say riveting. A refreshing exception is the new Broadview Guide to
