Law Initiatives and Proposals Under the Obama Administration Zev J. Eigen,Samuel Estreicher,2011-05-11 Barack Obama s

famous Blueprint for Change part and parcel of the campaign that culminated in his historic election as U S president in

November 2008 openly announced his support for the Employee Free Choice Act H R 1409 suggesting that major change was

imminent in U S labor and employment law Although promised legislative change has yet to materialize there appears to be a

growing consensus that the current system for addressing employment disputes in union represented and non union

workplaces deserves renewed attention and needs significant restructuring Thus the issues taken up by this prominent U S

conference remain relevant to policy debates which will likely continue to rage in the United States for years to come Based

on papers delivered at the 2009 conference of the New York University School of Law s Center on Labor and Employment

Law the 62nd in this venerable and highly influential series the book presents articles updated by the authors to reflect more

recent developments as well as new papers to ensure a comprehensive and current analysis of both what has actually

changed and which trends seem to be gaining momentum Twenty two outstanding scholars and practitioners in U S labor law

and practice pay special attention to such issues as the following mandatory arbitration of employment disputes in non union

sector call for improved administration of the National Labor Relations Act in expediting elections and reinstating

discriminatees more privatized forms of dispute resolution such as arbitration and mediation card check and neutrality

agreements bypassing government processes proposed reform of the Age Discrimination in Employment Act evaluating

market based defenses to pay equity claims EEOC initiatives in public enforcement of equality law and challenges to labor

relations in state and local governments
