Strategic Storytelling Anjali Sharma, 2024-08-15 In today's connection economy the most successful leaders inspire their people with purpose and meaning Powerful corporate storytelling can mobilise people around an organisational objective in a way that a focus on market share never will Be it a digital transformation or a diversity and inclusion initiative corporate change needs the support of the people in that organisation in order to stick Yet while all stories can move people to take action storytelling isn't a one size fits all The most effective influencers learn to flex their narrative based on the audience's time or their level of expertise A story that works on the stage doesn't work in the boardroom A story that works in the boardroom doesn't work in a team meeting A story that works in a team meeting doesn't work in a one to one conversation A story that works in one to one conversation doesn't work in sales Anjali Sharma introduces leaders and ambitious influencers to the Who Why and How of strategic storytelling in business enabling them bring about change and drive corporate success by telling exactly the right story in the right way *Computer Buyer's Guide and Handbook*, 1998

Materializing Memory in Art and Popular Culture Laszlo Muntean, Liedeke Plate, Anneke Smelik, 2016-12-08 Memory matters It matters because memory brings the past into the present and opens it up to the future But it also matters literally because memory is mediated materially Materiality is the stuff of memory Meaningful objects that we love or hate function not only as aide mmoire but are integral to memory Drawing on previous scholarship on the interrelation of memory and materiality this book applies recent theories of new materialism to explore the material dimension of memory in art and popular culture The book's underlying premise is twofold on the one hand memory is performed mediated and stored through the material world that surrounds us on the other hand inanimate objects and things also have agency on their own which affects practices of memory as well as forgetting Chapters 1 4 and 5 of this book are freely available as downloadable Open Access PDFs at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 3.0 license *The Mobile Photographer* Robert Fisher, 2014-11-17 It's been said that with smartphones everyone is a photographer There is a snide implication with that statement that camera phones aren't real cameras and that the people

who use them aren't real photographers In this book Robert Fisher proves that today's Android devices offer cameras that are remarkably powerful and more than capable of producing images that rival those made with more serious equipment In this book Fisher guides readers through the menus of the Android operating system helping them to understand how to choose and use out of the box controls for better images Next he covers add on accessories and applications designed to enhance the devices capabilities While the photographic capabilities of the base camera are pretty terrific and will meet with rave reviews from many users the camera really produces images that sing when suited up with DSLR functions filters and postproduction effects all of which Fisher covers with prowess and technical skill c't Android 2015
